Collins Hits Two; Yanks Lead by 6-3

NEW YORK (AP)—Joe Collins smashed his second home run of the game deep into the right field bleachers to give the Yankees a 6-3 lead over the Dodgers after seven innings of the opening game of the world series today.

Collins' homer, coming with Yogi Berra on base in the sixth, was the fifth of the game.

NOTES FROM A CITY EDITOR'S DAYBOOK—We've a letter from Ray Marrion, Monterey Park, Calif., which should be quoted for all the good people of the Dixon area.

Ray, if you remember, was the husband of Evelyn Marrion, who fell to her death during an aerial act here during Dixon's Injun Summer Festival.

Ray writes to acknowledge the check sent by this newspaper as custodian of the Evelyn Marrion fund, raised through the kindness of our subscribers.

Writes Ray: "I can't find words to express my deep gratitude to the wonderful people of Dixon for their great sympathy and contributions to the fund for my darling wife. I believe it was the most wonderful gesture of kindness from real people that I have ever known and I wish Evelyn could have lived to have known and thanked them all.

"I will never forget how kind the people of Dixon were in my hour of trouble.

"I would be very happy if you could thank everyone for me. The people, doctors, nurses and hospital staff. We will never forget Dixon or the people for their great kindnesses."

* * *

From Los Angeles there is another note from Mr. and Mrs. Dave Friendenheim, friends of the Marrions, and we quote from it in part:

". . . We loved Daisy (Evelyn) like a sister as she was on a show when we were married 20 years ago and we were very close.

"She was loved by everyone who knew her. We have traveled all our lives but have never heard of anything so wonderful as the way you and your community came forward to help perfect strangers in their hour of trouble."

"God bless you all."

* * *

The Marrion story has not ended. Jimmy Lloyd, one of the troupe called the "Four Sky Devils," is now a resident of Dixon, erecting, of all things, television aerials for the Fazzi firm.

At any rate, Jimmy vowed, after the Evelyn Marrion incident, to make his headquarters here, get a job, and do what he could to repay the kindness shown the troupe.

This week the urge to mount the high rigging got pretty strong. Jimmy said he was moving his aerial gear from South Bend to Dixon and next Sunday he will put on a free performance for the patients at the Dixon State School. The performance is scheduled for 1 p.m.

Jimmy has picked up a new partner, a local man, and they'll mount the rigging under the banner of "The Great Lloyds."

Jimmy also told us that he'll be glad to perform for any other sizable group, such as the patients at the County Nursing Home, or the local orphanages, if they want him and if the arrangements can be made. You can get in touch with him at the Hotel Dixon—after working hours, that is, because he's busy mounting housetops installing TV antennas.

So you see the Marrion story goes on and on . . .

C. J. C.

Ike's Better, Say Medics

Has Second Comfortable Night's Rest

'Get Well' Notes Flood Hospital; One From Zhukov

DENVER (AP) — President Eisenhower's doctors reported this morning the chief executive had a second comfortable night's sleep with satisfactory progress toward recovery.

An 8 a.m. (CST) medical bulletin from Maj. Gen. Howard M. Snyder, White House physician, and Col. Byron E. Pollock, chief of heart services at Fitzsimons Army Hospital, said:

"For the second consecutive night the President slept comfortably throughout the night. He went to sleep last night at 8:30 o'clock and awoke refreshed at 6:30 o'clock this morning.

"His progress continues to be satisfactory without complications."

Basis for Confidence

In Washington, reports such as this were the basis of confidence within the Eisenhower team that the President will be able to take over the helm of government within 30 days. In the interval, Eisenhower's top aides reportedly were ready to carry on business as usual on the basis of policy decisions the chief executive had laid down before Saturday's attack.

Even so, the medical experts attending the President still avoided outright predictions that recovery is absolutely certain and that no complications now need be expected.

The first 10 days or two weeks are the critical time in heart attacks such as the one Eisenhower suffered.

Cautiously Optimistic

Tuesday night's medical communique, reporting that the President had had "another satisfactory day" devoid of complication brought word from heart specialist Paul Dudley White in Boston that while Eisenhower was "coming along nicely" he still was "not out of the woods yet."

The Boston physician, who flew here Sunday and left the next day, said Eisenhower's progress was in the expected pattern—neither faster nor slower than normal.

Nevertheless, tension over the chief executive's illness continued

CHARLES WILLETT

Willett to Seek Fifth House Term

The Hon. Charles K. Willett, who lives in Dixon, Lee County, and at present a member of the Illinois House of Representatives from the 35th House district, announced today he is a candidate for reelection to the General Assembly in the newly created 40th House district.

Rep. Willett is serving his fourth term as representative of the 35th district. The new district, created under the recent reapportionment act includes Henry, Stark, Bureau and Lee Counties.

Rep. Willett, who heads a Dixon firm of consulting engineers, is the only member of the House who is a graduate civil engineer. His knowledge of engineering has contributed to his great value on various House committees and to his membership in the General Assembly.

A candidate on the Republican ticket, Rep. Willett is chairman of the Republican County central committee in his home county, Lee. He is married and has two sons, the eldest now serving in the armed forces in the Pacific area.

An idea of Rep. Willett's value in the General Assembly and the type of service he renders the state and his own district may be gained from the fact that in the past several elections, he has received the highest vote in his district in the primary and the general elections.

Those who know his record of

(Continued on Page 6)

'Chuck' Yale Tells How U. S. Aids Friendly Greece

Charles E. Yale, director of an American agricultural mission to Greece for the past six years, painted a dramatic picture of progress in that ancient land Tuesday when he spoke to the Dixon Lions club.

The former Lee County farm adviser recalled that when he arrived in Greece in 1949, the country was in "a bad situation." It was torn by guerrilla warfare and was bankrupt.

After that brief description of the country, he told of the progress that has been made through a three-part program covering agriculture, home economics and youth work.

Yale said, "We have tried to show them what could be accomplished if they put their shoulders to the wheel." His talk left little doubt that he is well pleased with the results of the work.

400 4-H Clubs

With a small core of Americans instructing, 400 agriculturists or farm advisers and 120 home economists have been trained. Four hundred American-type 4-H clubs now are in operation.

Yale said when he arrived in Greece the big problem was to increase production of farm crops to be used for human food. By 1953, Greece was able to produce its largest crop in history. That meant, Yale said that they were ready to start production of forage crops to feed livestock. During 1954, the American mission and its native farm advisers presented 14,000 demonstrations to Greek farmers on forages and feeds for stock. With the forage program well started, he said, the next project will be to improve the livestock.

One of the prime aims of the home economists has been to improve the Greek diet. This is one phase, Yale said, which has not been expensive, since improved methods of preparing food have been a matter of education. Introduction of knowledge of how to preserve vegetables and fruits has led to a more stable year-round diet, he said.

Excellent Results

Yale emphasized that the youth program has shown excellent results, since the habits of the youngsters may more easily be changed than those of the adults. He said the clubs have made clubrooms for themselves and are active in personal and community projects.

Describing the Greeks as kindly, individualistic people, Yale said they are extremely grateful for the work of the American mission.

Yale was introduced by Lion program chairman Edwin Merrick. Presdient David Ames presided.

Dixon Pair Confess to Theft Of Shoes, Other Minor Items

Police Nab Man, Youth After 'Tip'

Recover Assortment Of Loot in Homes; One DHS Student

A Dixon man and an 18-year-old Dixon high school student Tuesday night admitted that they were responsible for the recent $300 Freeman Shoe Co. robbery and other minor thefts and car lootings that have plagued local authorities in recent weeks.

They are Leonard Wiltfang, 27, and Russell Castle, 18, both of 711½ First Street. Wiltfang is charged with burglary while his younger accomplice is charged with larceny.

Police Magistrate Lawrence Boos continued the pair's preliminary hearing until 1:30 p. m. Oct. 6. Wiltfang is in jail under $5,000 bond and Castle is in jail under $3,000 bond.

Dixon Police Officers Ernest Smallwood and Glenn Camery arrested the pair about 7:30 p. m. Both admitted the thefts in signed statements.

Praises Officers

Police Chief Earl Kelchner praised Officer Smallwood for his work in "breaking" the case. Smallwood reportedly acted on a tip. No other details were available.

The pair admitted breaking into the Freeman plant between 11 p. m. and midnight Friday and carting off 31 pairs of shoes in a potato sack. The plant is located only a few blocks from Wiltfang's home.

More than half the shoes were found under the foundation of Wiltfang's house.

Wiltfang's wife silently watched the officers remove pair after pair of shoes from beneath the foundation at the rear of her home. She held an infant in her arms.

Several pairs of shoes and the other stolen merchandise were found in an upstairs room in a house owned by John F. Simmons, Castle's stepfather, who resides three miles southeast of Dixon on Rt. 52.

Simmons told authorities that Wiltfang, who is his brother-in-law, and Castle gave him one of the pairs of stolen shoes.

$2 a Pair

Wiltfang also admitted selling several pairs of the shoes for $2 a pair.

The pair also admitted stealing eight rolls of roofing paper from St. Patrick's Catholic Church, a gas can from a boat moored in front of Dixon Motors; a .16 gauge shotgun and camera from a car parked on River Street; three flashlights, some batteries, flares and a carpenter's box full of nails from the Public Service Co.; tools, boat cushions and an oar from boats anchored above the dam; a blanket, steering wheel knob and sun glasses from a car parked in front of the Raynor Manufacturing Co.; and a steering wheel knob and shotgun from a car parked near the cement plant.

Also found in Simmons house was a motor unit such as used in construction work, an electric fan and other smaller items. Castle identified the items as stolen.

Quiz on Other Thefts

State's Atty. James Bales today questioned the pair further about possible other theft. He and the county authorities assisted the police in obtaining statements Tuesday night.

Bales indicated today that both Wiltfang and Castle will be formally charged with felonies but that he was not considering a recall of the grand jury at this time.

Castle has been attending the Dixon high school where he is beginning his junior year. Wiltfang has been employed by the Freeman Company.

DIXON SHOE ROBBERY SOLVED—Nearly a dozen and a half pairs of shoes stolen recently from the Freeman Shoe Corp., Dixon, were recovered from under the foundation at the rear of the Leonard Wiltfang residence, 711½ First St., Dixon. Wiltfang and Russell Castle (second from left), a Dixon high school student, admitted the theft plus a series of minor thefts and car lootings. Deputy Sheriff Don Sachs (left) is reaching into the foundation for more shoes. Officer Ernest Smallwood, who is credited with breaking the case, and Chief of Police Earl Kelchner (far right) are looking on.

1-Way Streets Okayed

The Dixon city council Tuesday night passed the controversial one-way street ordinance, paid bills and informed South Side residents of the latest development in "Operation Big Stink."

The one-way street ordinance was passed unanimously. It will go into effect in approximately 10 days. The plan will be given a 90-day trial.

First Street will be for westbound traffic only while Second Street will be for eastbound traffic between Madison and Galena Avenues.

A fine of $5-$200 will be imposed against motorists who violate the one-way routing, according to a clause in the ordinance.

No Parking Zone

Commissioner Paul Potts, who proposed the one-way system, also proposed an ordinance to prohibit parking on either side of Bradshaw Street between Galena and Jefferson Avenues.

The proposed ordinance was recommended by the Illinois Department of Highways so Dixon can comply with the motor fuel tax allotment requirements. It was placed on file.

City Atty. Edward Jones told South Side residents that the Dubuque Packing Company and its operator, Richard Shaffer, Dixon, will be served today with warrants charging them with operating a public nuisance.

Jones added that the firm and Shaffer have 10 days in which to file an answer to the charge if they intend to contest the warrant.

The Dubuque firm operates a livestock buying station bordering the south city limits of Dixon. Several residents of that area recently presented a petition to the city council demanding action under the public nuisance ordinance.

Signs Complaint

Roy Willard, Dixon, who circulated and presented the petition to the council, also signed the complaint against the operation.

The petitioners objected to the

PART OF THE MISSING LOOT—Dixon Police Officer Glenn Camery is looking over part of the stolen merchandise recovered in the John Simmons home, Rt. 4, Dixon. Simmons is Russell Castle's stepfather. Note the motor in the left foreground.

"HOT" SHOES—Here are about half of the 31 pairs of shoes stolen late Friday from the Freeman Shoe Corp., Dixon. The shoes were recovered from underneath the foundation of a First street address. Looking on are (left to right) Deputy Sheriff Don Sachs and Officer Ernest Smallwood.

Took Child To Deceive Her Husband

Infant Taken to Priest as Police Begin to Close in

STOCKTON, Calif. (AP)—A grief-stricken woman who kidnaped a baby because she deceived her husband with a story of motherhood surrendered 11-day-old Robert Marcus to a Roman Catholic priest today.

Officers said she confessed stealing the baby from the nursery of a San Francisco hospital nine days ago.

Police Chief Jack O'Keefe said Mrs. Betty Benedicto, 27, of Stockton delivered the baby to the Rev. Allen McCoy at St. Mary's Parish after telephoning Dr. Sanford Marcus, the infant's father in San Francisco and instructing him to meet her here.

Baby Fine

The baby is in excellent condition and police said he definitely is Robert Marcus.

Dr. Marcus, 34, grinning for the first time since his son was stolen, said, "We feel in our hearts he is ours. We are 99 per cent certain. But we will await footprint checks and blood tests."

Marcus and his grief - stricken wife, Hanna, 29, who has been in a state of near collapse since the kidnaping, made the 80-mile trip to Stockton in a San Francisco police car in 75 minutes.

Mrs. Benedicto, sobbing and near hysteria when taken to the Stockton police station, was booked on a technical holding charge. Chief O'Keefe said he understood San Francisco authorities would charge her with kidnaping.

Dr. Marcus, in appeals to Robert's kidnaper, had promised he would not prosecute. Asked about that today, he said:

"I think the woman is a psychologically disturbed person.

"I myself have no further concern with the woman, other than to offer my thanks for the baby's return."

Strange Story Told

Chief O'Keefe quoted Mrs. Benedicto, wife of a prosperous publisher of a Filipino weekly newspaper, as saying she took the child because she had convinced friends, including her husband, she was pregnant.

The husband, Marcus Benedicto, 52, didn't know of the ruse, the chief said, and didn't become suspicious until Tuesday night. Then he went to police, almost at the moment his wife was telephoning Dr. Marcus, about 12:35 a.m. today.

O'Keefe said Mrs. Benedicto sobbed out this story:

She began gaining weight several months ago and people began teasing her about being pregnant. To stop the kidding, she said she was—and convinced her husband along with others.

When the approximate time came for a baby to arrive, she went to Los Angeles to visit her mother. Her mother put her on a diet. She lost several pounds and returned to Stockton. Her husband asked where the baby was. She told him it was sick but that she could get him in a couple of days.

When Benedicto began passing out cigars, she went to San Francisco, looked over the Mt. Zion Hospital nursery and dashed away with the Marcus baby. She said she chose that particular one because Marcus was her husband's first name.

Kept In Apartment

Mrs. Benedicto drove immediately back to Stockton with the baby and kept him in her three-room apartment — while possibly the greatest manhunt in the history of the San Francisco Bay area was getting under way.

Then mental anguish set in. She said she loved the baby and wanted to keep him. But all the time her radio and television sets were

Burial Rites for Mrs. Sarber Held In Polo Cemetery

POLO — (Special) — Burial Services for Mrs. Elmira Sarber were held in Fairmount cemetery, Polo, today. Mrs. Sarber died at the home of her daughter, Mrs. Charles Lindemann, Corning, Calif., Friday, and the body arrived in Milledgeville where funeral services were conducted at the Woodin Funeral Home.

Besides Mrs. Lindemann, another daughter, Mrs. William Hunt, Pine River, Minn., also survives, as do two stepchildren, Mrs. Naaman Spencer, Polo, and Wesley Sarber, Milledgeville.

15th Anniversary

POLO — (Special) — The WSCS of the Methodist Church will celebrate its 15th anniversary Wednesday with a family scramble supper in the church at 6:30 p.m. The Aldersgate Class will be hostesses and will furnish the coffee.

Prayer Service

POLO — (Special) — A Day of Prayer service will be held in Emmanuel E.U.B. Church Thursday at 7 p.m., followed by a meeting of the Council of Administration at 8 p.m. after which the building and finance committees will meet. The prayer service will be in charge of the W.S.W.S.

Committee Gives School Report

Finds Buildings Inadequate To Provide a Good Program

(EDITOR'S NOTE: Following is the first in a series of articles to appear in the next few weeks on the results of a long study of the situation of Community Unit School District 272.)

A committee of citizens of Amboy Community Unit School District No. 272 has been meeting for nearly two and a half years to determine the building requirements necessary to properly educate the youth of the district.

As a result of many meetings which involved the digesting of reports of various committees, such as those on enrollment trends, building inspection, grade school faculty, suggested state requirements, and finances, much information has been gathered. Now, the publicity subcommittee is preparing a series of articles to bring this information to the residents of District 272.

Enrollment Jumping

Between 1945 and 1959, the district's grade school enrollment will have increased 50 per cent. Enrollment figures, available from school records and projected on the basis of a survey, show: 1945, 436; 1949, 567; 1954, 637; 1955, 652; 1959, 659.

The survey was taken more than a year ago. When the 1955 enrollment was tabulated, it became apparent that the 1959 projection was undoubtedly too low.

Classrooms are overcrowded. The majority of our rooms exceed state requirements in this regard. Lighting, heating and ventilation are sub-standard in 80 to 90 per cent of the classrooms.

Buildings Antiquated

Most school buildings are unhealthy, antiquated and several are potential fire traps. Toilet facilities in all schools are either inadequate or outmoded.

The committee says the above conditions point directly to the following facts:

Our children are getting an inadequate educational opportunity.

Our teachers are limited in offering the services of which they are capable.

Failure to meet the state requirements and recommendations might result in the loss of state aid which now amounts to about $55,000 annually.

Enrollment trends indicate worse over-crowding in coming years.

Lack of facilities deny our children of hot lunch and physical education programs.

Neighboring schools in the state, and others throughout the nation, have been faced with the same problems and have met them squarely by providing proper financial assistance, the committee concludes.

Turkey Shoot Set In Grand Detour

GRAND DETOUR —(Special)— The Grand Detour Fire Department's seventh annual turkey shoot has been scheduled for Nov. 6.

Polo News

Sister Hurt In Auto Crash

POLO — (Special) — Mr. and Mrs. Howard Slifer spent Sunday in Kewanee where they visited the former's sister, who was critically injured in an automobile accident.

Shirley Ports who is attending Rockford School of Business spent the weekend with her parents, Mr. and Mrs. Ralph Ports. She had as her guest a school mate, Linda Henny, Beloit, Wis. Other Sunday dinner guests in the Ports home were Mr. and Mrs. Herbert Behmer, Stillman Valley.

Mrs. Klimstra, Morrison, is spending several days with Lois Kemp. Miss Kemp is the English teacher at Polo High School.

Mr. and Mrs. Harold Avey and family, Rockford, were Friday evening visitors in the home of the former's parents, Mr. and Mrs. Ralph Avey. Sunday evening supper guests in the Avey home were Mr. and Mrs. Solon Hammond, Adeline.

Friendship Circle

POLO — (Special) — The Friendship Circle of the Church of the Brethren will meet Thursday afternoon at the home of Mrs. William Hare. Co-hostesses will be Mrs. Russell Jones and Mrs. Floyd Wolfley. A surprise program will be presented by the committee.

Rogers, deputy attorney general. (AP wirephoto)

Rural Ogle

Is a Picker-Sheller What You Need on Your Farm?

By GEORGE D. PERISHO
Ogle County Farm Adviser

OREGON —(Special)— Some changes in the present corn market are being caused by the advent of the picker-shellers. Many are interested in cost of operating a dryer and its many advantages and disadvantages.

There will be a corn drying demonstration at the Les Ludwig farm which is located on Route 64, four miles east of Sipes Corner. Les' address is Esmond and the demonstration will begin at 9:30 a. m. on Monday. By drying the corn we are able to get it on the market much earlier; however, there is the problem of cost. Whether or not it will pay you to buy a dryer will depend upon your own conditions. If you self directly at harvest time without drying you will take quite a loss. With corn selling at $1.25 a bushel you will lose from about two cents per bushel at 17 per cent moisture up to about 11 cents a bushel at 22 per cent moisture. That is net loss. If you have a large enough crop, the improvement of market prices will pay for a dryer. If you can use your dryer for other crops or in a wet year, the cost of a dryer will soon be paid in the value received from improvement in the crops.

George D. Perisho

In addition ot this, if you are faced with the problem of storage facilities, shelled corn storage costs from 30 cents to 50 cents a bushel, compared with $1 to $1.25 for ear corn. Therefore, you may want to construct storage space for shelled corn and use a dryer to facilitate this storage.

These problems and many others will be brought out at the corn drying demonstration on the Ludwig farm. Les has cooperated with agriculture extension service, Keith Wehner and Glen Curl, vocational agriculture instructors, and Soil Conservation Service, in carrying out a plant food demonstration on a field of corn.

Some of the treatments that have been used at the Ludwig farm include manure, three different kinds of nitrogen, complete treatment as per soil test recommendation as compared to no treatment, and the use of starter fertilizers. We are planning to harvest a few rows from each of these plots to determine the actual response and will plan to visit the farm again on the experimental plot tour Oct. 7.

* * *

Speaking of harvesting corn, we must be ever mindful of a few simple rules to help reduce the number of corn picker accidents this fall. This year's corn harvest will take a heavy toll in mangled fingers, hands, arms and legs, and even death unless Illinois farmers are more cautious in their operations of corn pickers.

A few simple rules I would like to suggest you keep in mind are:

1. Stop the picker before you leave the tractor seat. There is no practical way to guard picker rolls. The only alternative is to turn off the power before you try to clear the rolls and follow this same rule before oiling or adjusting any part of the picker.

2. Keep guards in place. Manufacturers placed them there for your safety.

3. Keep the equipment clean to prevent fire in the field. Don't let trash accumulate around the manifold or exhaust pipes.

* * *

The Farm Bureau Farm Management Service of this area is planning to expand its facilities in 1956 by taking on an additional fieldman. In this way many more farmers will be able to take advantage of this service in keeping good records and have them properly summarized with suggestions for increasing profits.

The quickest way to tell whether your farming enterprise is successful is by having a good set of records. After these records are summarized by the university, you may find it necessary to change your farming operation so that you may increase the profits that you have obtained.

If you are interested in maximum income from your farming operation, I am sure you will want to contact Charles Roodhouse, fieldman for Farm Bureau Farm Management at Freeport, or myself, so that you, too, might be included in the Farm Bureau Farm Management Service.

* * *

In last week's column I promised to give you further information on the Farm Adviser's Conference that was held at Michigan State College. At the time I closed my article, I was discussing the talk given by Dr. John Holland, who is certainly one of the foremost "down to earth" ministers.

Dr. Holland stated that the best school in the world was located at Mooseheart, Ill. There the boys and girls were taught what they wanted to learn and upon graduating, the girls know "how to bake bread and the boys know how to make the dough." That is education.

On Monday we received a tremendous welcome by Michigan's Governor G. Mennen "Soapy" Williams. He certainly tried to sell us on the many advantages of Michigan.

One of the highlights during the entire week was the talk given by Raymond C. Firestone, executive vice president of the Firestone Tire and Rubber Company. The executive said it seems a shame that America is spending seven billion dollars a year to store surplus food when many people of the world are undernourished. He advocated nitnseiev andmb, E, vocated intensive selling campaigns to get rid of more farm products. "When production overbalances consumption, we at Firestone have found the best way to get back on an even keel is to stimulate greater consumption through better advertising, greater public relations and selling."

The U.S. Rubber Company sponsors the Share the Fun activity in the states including Illinois. We were very well entertained by five talenetd acts which had been selected as outstanding acts in Michigan. They showed the importance of recreation in our extension programing. One of the best benefits obtained by this conference is the fellowship and the exchange of ideas with the agents from many other states.

Mt. Morris Will Dedicate School

Rockford College Head To Give Main Address

MT. MORRIS —(Special)— Dr. Leland Carlson, president of Rockford College, will be the main speaker for the dedication ceremony of the new Mt. Morris High School building and remodeled junior high building.

The dedication, planned by the Parent-Teachers Assn. program committee, will be held Oct. 5 in the high school gymnasium at 7:45 p.m. The subject of Dr. Carlson's address will be "That for Which We Build."

Dr. Carlson was a teacher and dean of men in North Park College from 1936 to 1942. He was a member of the faculty at Northwestern University from 1942 to 1954. He became president of Rockford College in 1955. He received his education in Beloit College, Chicago Theological Seminary and University of Chicago, and has studied in the University of Grenoble, France, and Cambridge University in England.

He has traveled extensively in about 35 foreign countries. The PTA is inviting not only parents and teachers, but everyone in the Mt. Morris community to attend the meeting and hear Dr. Carlson.

Following the program of dedication, a number of parents will act as guides in taking people through the new high school building and the junior high school building.

WSWS Groups to Hold Joint Meet

POLO — (Special) — A joint session of the W.S.W.S. of Elkhorn E.U.B., Grace E.U.B. and Emmanuel E.U.B. Churches will be held at the Elkhorn church Thursday at 10 a.m. A sack lunch will be served at noon and salad and coffee will be furnished.

Edwin Booth is the only actor who ever has been elected to the Hall of Fame for Great Americans.

Till Case Defendants Await Bail

GREENWOOD, Miss. (AP) — Two white men found innocent of murdering a 14-year-old Chicago Negro boy waited in jail today for temporary freedom which may come Friday at a court hearing on their request for bond.

Roy Bryant, 24, and his 36-year-old half-brother, John William Milam, face a kidnaping charge in the pre-dawn abduction and disappearance of Emmett Louis Till.

County Judge Charles Pollard said he would set bond for the two accused men after a preliminary hearing Friday.

Their case will be presented to the Leflore County grand jury which begins its fall session Nov. 7. If the grand jury does not indict them on the kidnaping charge, they will be free.

Grandma Walks Off With $32,000 in Baseball Quiz

NEW YORK (AP) — Grandma Myrtle Power, the baseball sage from the Southland, has taken her $32,000 and retired from big league play on TV after a perfect five-week season.

Urged by her children and a host of well-wishers not to take the risk, she passed up a chance at the grand prize on The $64,000 Question CBS giveaway show.

The 70-year-old widow says her winnings, estimated at $21,000 after income taxes, will be "put in a sock" and saved.

She announced her decision to quit on the program Tuesday night.

Mrs. Power, a baseball fan for 60 years and a Brooklyn Dodger rooter, said: "My Dodgers have won lots of pennants and I feel like I won a pennant, and they never won a World Series and I don't want to beat them to the draw."

Among those who urged her not to try for the $64,000 by facing another question in her chosen baseball category was Jack Dempsey. Mrs. Power said the former heavyweight boxing champion talked with her at his restaurant this week and "almost got down on his knees to ask me to stop on account of the taxes."

If she had tried for the $64,000, she would have gotten only $12,000 or $13,000 more after taxes.

Another Whiz

Before Mrs. Power stepped out, another baseball whiz advanced through the $8,000 question in his chosen category—also baseball.

He's Patrick Keough, 62, of St. Louis, a baseball fan for more than 50 years. He can try next Tuesday night for $16,000.

Keough won $4,000 by naming three National League players who have hit four home runs in a single game since 1900—Chuck Klein of Philadelphia, Gil Hodges of Brooklyn and Joe Adcock of Milwaukee.

For $8,000 he was asked three questions about the 1920 World Series, and he answered correctly:

1. Cleveland was Brooklyn's opponent.

2. Elmer Smith (Cleveland catcher) was the first to hit a bases-loaded home run in World Series play.

3. The Cleveland second baseman, Bill Wambsganss, made the first unassisted triple play in a World Series game.

In Dixon, by carrier, 35c per week or $18.20 per year, payable strictly in advance.

Single copy, 6 cents.

Eisenhower's Illness

As he rests in the hospital in Denver, President Eisenhower has with him the nation's and the free world's prayerful hopes for a swift recovery.

Few men in American public eye have ever been held in such deep affection as he, and the people's first concern now is with the personal suffering and handicap he must endure as result of the heart attack which struck him down.

They know the crushing burdens of the presidency. They know that what has happened to Mr. Eisenhower is the risk any man takes who assumes this great responsibility.

The president undertook this load reluctantly, as a duty. But once into it, he tried more than most predecessors to organize his official life to escape some of the weight. For his frequent and sometimes lengthy vacations, he has been warmly criticized by his political opponents.

But they have consistently overlooked the fact that Mr. Eisenhower, in his working clothes, is a tense, high-paced executive who compacts into a few hours tasks that have taken other White House occupants far longer. Furthermore, even a president's vacations are marked by steady attention to inescapable duties.

Now, despite all precautions, the president has been stricken. The people think of his misfortune as their own, not alone on account of their sympathy for him as a man they are fond of, but because they see in his well-being a prime self-interest.

* * *

To millions, both in America and beyond, Mr. Eisenhower is today the living symbol of the world's desire for lasting peace.

He is the man who brought the Korean war to an end, who resisted U. S. entry into the Indochina war, sought peaceful solutions in the touchy Formosan Straits, and at Geneva seemed to convince even the Russians that this nation wants to find answers to world problems without resort to arms.

It happens that the president now is also identified with the highest levels of prosperity this country has ever known. But it is the image of him as the man of peace that appears to explain best the remarkable hold he has on countless ordinary folk.

This trust, of course, was felt even before he won the presidency. It was the chief reason for his overwhelming victory in 1952. And it is the main one why he was regarded as unbeatable at the polls in 1956.

But his heart attack vastly alters the outlook for the coming presidential campaign. It is regrettable that this must be touched on in the early aftermath of Mr. Eisenhower's first physical distress, but the hard business of politics intrudes on every phase of a chief executive's life.

The blunt fact is that his illness greatly reduces if it does not actually end the prospect he will run for a second term.

* * *

Almost from the outset, he has not wanted to run again, and his family has opposed it. As recently as Aug. 4, the president said his decision would depend on many factors, "including the way I feel—health and everything else." Often in the last few months, he has warned the GOP not to pin all future hope on him.

Doctors may well settle the issue now by telling him that to carry on his burdens beyond this term might mean a sentence of death. But even if they do not, Mr. Eisenhower will have strong reason to say "no."

It is always remarked that "one heartbeat" separates the vice president from the White House. When that heartbeat is an uncertain one, all is changed.

So Mr. Eisenhower's misfortune is also his party's. The Republicans face the monumental task of finding a man to replace him who can command even a fair share of the esteem in which he is held by the American people.

The Doctor Says

Emotional Stress Sometimes Increases During Menopause

By EDWIN P. JORDAN, M.D.

Although many women send letters to this writer, asking some question about the menopause or change of life, there are undoubtedly a higher proportion who pass through this normal stage of life without serious difficulty.

Published estimates of those women who have unpleasant symptoms vary, but there are probably only about 15 out of 100 who have enough trouble from the menopause to require treatment.

The unpleasant sensation which is complained of most frequently goes under the name of "hot flashes." Apparently, this, unlike other symptoms associated with the change of life such as fatigue, headache, dizziness, nervousness and irritability, is definitely the result of lessened secretion of female sex hormones (estrogens) from the ovaries. All these complaints, however, may be worsened by emotional stress.

IN MANY CASES the symptoms are not severe enough to require treatment. When treatment is needed, there are several preparations available now which can be given by mouth and which have fairly long actions.

Before giving them, however, the first step is to make sure that disease is absent.

If there is no disease, the woman going through the change should recognize that she has nothing to worry about and that her symptoms will subside eventually, even without treatment.

PERHAPS WHAT bothers more women during the menopause than anything else are emotional changes.

One, for example, wrote that she was moody, gets exceedingly blue, and cries easily. This again is not unusual, but is perhaps more often an exaggeration of personality qualities already present than it is the result of lessened hormone production in the ovaries.

Another thing which many women are greatly concerned about is the possibility of conception during the latter stages of the menopause.

One does not want to make too strong a statement on this since many pregnancies have occurred as late as 52 or even 55 years of age. But there is believed to be comparatively slight chance of conceiving past the age of 50 when a year or more has elapsed since the last period.

PROBABLY THE MOST important thing for women in the menopause to do—even including those who need hormone treatment—is to adjust their mental outlook.

Both mental and physical activity reasonably suited to the age and physical condition of the woman are helpful and take the mind off unnecessary worry over what is only a temporary situation.

All in all, the menopause does not present much of a problem to the majority of women. For those in whom it does, relief can be brought in most instances by suitable treatment with hormones and by the woman herself adopting a sensible mental attitude.

What's Right

A group of teen-agers sent out 200 invitations to a formal dance. The invitations had R.S.V.P. in the corner but only about a dozen of the young people invited bothered to answer the invitations. Mothers who don't teach their children to give a "Yes" or "No" answer to invitations aren't giving them very good training in courtesy.

It's a good way not to get invited again.

In Hollywood

☆ By ERSKINE JOHNSON ☆

HOLLYWOOD— (NEA) — Exclusively Yours: This marriage of Hollywood and TV has given movietown a new name—Confusion, U. S. A. Crazyland, some people say, sums it up even better.

The town never was normal even in its halcyon days before home screens. Now it's a madhouse of movie factories making TV shows, telefilm producers making movies, live TV networks financing telefilms, and big live video shows overrunning inadequate stage space while many major studio sound stages stand empty.

I don't mind the bedlam and the snake-pit hysterics but keeping up with things is like riding a guided missile side-saddle and just as dangerous.

Like Angela Lansbury and Raymond Burr starring in a new movie titled "Please Murder Me" for TV producers Jack Gross and Phil Krasne. Like one-time Warner star Irene Manning becoming a home screen commercial spieler like Betty Furness.

* * *

LIKE EXHIBITORS yelling for "new faces" and Daily Variety, in a poll, proving that old faces are "better than ever" at the box office. Only yesterday, it seems, I was writing about the slick Mr. and Mrs. team of George and Alice Goebel.

Now it's bigamy yet. George dumped Jeff Donnell as his ever-lovin' and when the character of Alice pops up from time to time on his show different "name" movie stars, says NBC, will play the role.

* * * *

GIG YOUNG'S new contract at Warner Bros., fits nicely into the confusion. As host of the studio's weekly telefilms, Gig's' contract permits him to make MOVIES. Only yesterday stars were battling studios to make TV appearances. Only yesterday there was no TV show, either, titled "Hollywood Backstage." Now NBC-TV has one. And where does it come from?

From New York. Naturally.

* * * *

Boos, whistles and catcalls from the audience greeted three commercials from neighborhood merchants on the screen of a Westwood, Calif., theater. One wild-eyed patron told off the manager:

"We don't mind commercials on our TV screens but we don't expect them when we pay $1.25 for a theater ticket."

Theater owners have no rebuttal to that argument.

* * * *

EAR WITNESS: Marion Marlowe's warbling at the Beverly Hilton puts her in the $200,000 income tax bracket for 1955 . . . It's 37 years of marriage for the Bud Abbotts, who claim Hollywood's shortest engagement. They met at a party and became Mr. and Mrs. 24 hours later . . . Phil Harris and Walter Brennan, on location in Albany, Ga., for "Goodbye, My Lady," practically stopped a high school football game there. They took turns leading the school band! . . . The Macdonald Careys, expecting their sixth child, are building another wing on their Beverly Hills home.

I-love-a-mystery dept.: Has Shirley Booth's next movie, "Route 66," been canceled or postponed?

* * * *

SLICK LINE of dialog in "Gentle Marry Brunettes," in which Alan Young plays a character Charley Biddle. Says Biddle on why he wants to be a success: "I want people to say, 'There goes Charley Biddle' instead of 'There goes Charley Biddle, thank heavens.'"

Gene Autry's cringing at the thought of his early Republic westerns being seen soon on TV. Says Gene: "They were made almost 20 years ago when Hollywood slapped heavy make-up on everyone, even cowboys. In some of those pictures I look like I've got more lipstick than Hazel Bishop."

* * * *

THE WITNET: Jack Durant says it: "Anatomy is something which everybody has but looks better on Marilyn Monroe."

Now it's the $64,000,000 question! Only Dean Martin and Jerry Lewis were kidding in a murderous satire on their return to NBC-TV. Jerry was the contestant trapped in the pressure cooker while Dean asked the questions.

LIONEL HAMPTON, explaining the difference between swing and bop: "It's like the difference between keeping time and doing time."

"But I Can't Help It, if Carmine Likes Me—"

Ruth Millett

Women: The Impression You Make May Not Be Good One

WOMEN: THE IMPRESSION . . . . Women who put their worst foot forward when talking to other women:

The woman with a slim figure who is always talking about being overweight or needing to go on a diet. That makes women who really are overweight feel uncomfortably conspicuous.

The woman who always talks as though her own children are perfect. This is most annoying when more truthful mothers are confessing the trouble they are having with their own children.

The woman who is always running herself down. This is boring because other women feel compelled to argue with her, when actually she has probably convinced them that her own estimate of herself is just about right.

The woman who doesn't even pretend to be interested in other women after a man enters the room.

LABELERS AND NAME DROPPERS

The woman who is so label conscious that she judges everything other women have by whether or not the article bears an expensive label. Such women can't even admire a piece of china without turning it over to see what is written on the back.

The woman who in the first five minutes of conversation with a stranger tries to find out whether or not she is worth bothering with. She goes after a family and financial rating with a series of such questions as, "Where do you live?" "Do you know the So-and-So's?" who are always someone important. "What does your husband do?"

The woman who sets out to let other women know how important she is by name-dropping.

The woman who acknowledges an introduction to another woman with an icy stare.

And the sad thing is, these women think they are making a good impression.

Questions and Answers

Q—What is the greatest single cause of auto accidents?

A—Excess speed. Twenty-nine per cent of all accidents are due to driving too fast for road conditions.

* * *

Q—What is the length of the Ohio Turnpike project?

A—241.4 miles. The new superhighway will connect Pennsylvania with Indiana.

* * *

Q—What country first used the tank?

A—The British, at the Battle of the Somme, 1916.

So They Say

Tomorrow's automatic factory will replace human robots with electronic robots, eliminating to a large extent semiskilled and unskilled workers but heightening the demand for engineers and production managers to create and use the vital automatic devices.

—Wilbur F. Murra, assistant secretary of the National Educational Association.

* * *

I believe defense spending will remain stable and the cash federal budget will balance in 1956.

—Business prophet Roger W. Babson.

* * *

A university is bound to step on toes. When not treading on toes, it is not doing its job.

—Prof. Clarence A. Schoenfeld, University of Wisconsin, says "public relations practices" may be muzzling colleges.

* * *

Any man who is physically able has no right to refuse service to his country in times of crisis as this country is now in.

—Ex-President Herbert Hoover.

Our Boarding House — With Major Hoople

Out Our Way — By J. R. Williams

Westbrook Pegler

ROME—That mysterious State Department of ours is still a house divided and, as Frances Knight recently proved in a seriese of newspics, heavily infested with rats and termites. Frances is the beautiful woman with the studied expression of inanity who slipped into the passport bureau when Mrs. Ruth Shipley retired. This mask of hers, concealed for 20 years the patriotic purpose and special intelligence of a girl who might well have been called an undercover American in the Roosevelt-Truman bureaucracy.

Westbrook Pegler

The Rome embassy and the United States Information Service, which is just another of a long series of parasitic tumors on our foreign relations, are an embarrassing spectacle. Clare Boothe Luce is the ambassador, but protocol is strange so Henry Luce's friend, Eisenhower, gave him the title of minister so that he could qualify as an official, however synthetic and pathetic, for invitations to dinners and ribbon-cuttings which he delights in. Otherwise, he could go only as the ambassador's husband and sit back by the kitchen door.

The Italians have been under Clare's thumb in economic phases and they have had to contain their sense of affront at Ike for sending a female to their capital. But they have a droll, Latin humor about sex and the status of the husband in the domestic situation and in many little ways, a certain inflection of a word or a gesture of a few fingers, they express themselves. We have no repartee to cope with them. We are dead in the sea. If only Henry, Clare and Ike were the butt of this that would serve them right. But the American sisterhood of sovereign republics and our people are also on the receiving end. However, many Americans resident in Rome and, secretly, some of the bureaucrats in Claree's own political plant, enjoy the spectacle as much as the Italians, realizing that Clare could have spared little China-Boy this unique distinction and that Henry is still so sophomoric that he seems to think he is a great fellow by marriage. He could have had top billing, himself, and she could have been the wife.

Ben Hecht told me an anecdote recently, bearing on Henry's personality.

We were in Hollywood plotting our Al Capone movie which probably will be frustrated because so many of the magnates would be principals in the Browne-Bioff phase of the scenario, when we fell to talking of fabulous characters of journalism. I nominated a cub in Chicago who hopped a freight for the Cairo race riot, hoping to sell a few yards of space to papers around the country, on queries. He was pinched as a bum in Herrin and found himself rooming with a Negro vag charged with raiding a hen-roost. The colored fellow had $10 in the sole of one shoe and my boy talked him out of it by representing that he was a lawyer. The judged fined my boy the Negro's $10 and he went along toward Cairo.

"Well, but what did you do about this colored guy?" we asked when he had drifted back to Chicago.

"Oh," he said. "I got him bound over to the grand jury. They probably will vote no bill, and he will be a free man. It was my first case."

Hecht said "The dumbest guy that ever lived in this business was on the old Chicago Daily News. I was writing a daily column and it was hard going. The leg-work was using up my time and energy. So I asked Henry Justin Smith to give me a legman without too much savvy. I said I wanted a guy dumb enough to put down notes on everything he heard and bring them to me. Henry said he had just the man and this kid reported and I gave him a rough idea. But after a week or so I had to turn him back to the desk. I said to Henry Justin Smith: 'This guy won't do. He believes everything!'

"But you know the way of the Greek myths. Never kick a toad. It may turn out to be a god or a king. This guy was Henry Luce."

And so, a few days ago in Rome, at a solemn, forlorn little huddle in an ugly stone room in a 16th century castle, the Palazzo Antici-Mattei, Henry Luce, made a little speech on the cultural value of religion in America. I wish I had heard it and it is not my fault because he was not billed on the invitation which I received through the, as it were, pro-American maquis of the American colony in Rome. On my invitation, Clare, his wife, was down for an address of welcome, but I heard later, per grapevine, that she took one look at the house, got took real bad and beat it for home.

Henry was an added starter. It was only by hearsay that I got his subject. I was talking to J. E. B. Rose, director of the International Press Institute, Zurich, whatever that may be, and formerly an editor of the London Observer. He seemed professional and I thought he gulped when I asked him: "Why was Luce invited to speak here?"

"Why, Mr. Rose said, taken off guard, "because his wife is the ambassador." Then he apparently thought that didn't sound quite appropriate so he added, "—and also, I suppose, because he is the whole business of this little con convention."

That was it. They got up a convention to evince "culture" and brought in Erwin Canham of the Christian Science Monitor and Paul Hoffman of the Ford Fund for the Republic, who play China-Boy's stripe of politics, and this was one of Henry's few opportunities. Clare gave it the snoot as well La Belle might snoot a scattering of eighty people up three flights of old stone stairs with four gruesome old stone Caesars bending empty orbs on the scene. But Henry does the best he can.

Brunett, Barker Georgia Wedding September Event

A wedding having taken place in Georgia that has much interest in Dixon and vicinity is that of A/3c George R. Brunett and Miss Dorothy Nell Barker, daughter of the William H. Barkers, Lakeland, Ga. The bridegroom is a son of George Brunett and Mrs. Jack Andrews, Dixon. The Sept. 4 ceremony took place in the Lakeland Methodist church. Rev. J. Kell Hinson officiated at the late afternoon, double ring ceremony. Basket arrangements of white gladioli and fuji mums were used in decorating.

Given in marriage by her father, the bride was lovely in a floor length gown of white Chantilly lace and nylon tulle over satin. The lace bodice was styled with a Queen Ann collar and long sleeves with calla lily points over the hands. Small covered buttons fastened down the back and the full skirt of nylon tulle ruffles was highlighted with an apron effect overskirt of lace trimmed with a ruffle of the tulle extending to the waist in back. The bride's tiered veil of illusion was attached to a tiara of seed pearls and orange blossoms with a matching lace headpiece. Her only ornament was a diamond-set lavaher, a family heirloom, and she carried a white, satin covered Bible topped with a white orchid, surrounded by fleur d'amour and roses.

As maid of honor, Miss Hilda Barker, sister of the bride, wore a ballerina frock of blue nylon tulle over taffeta. The bodice was off the shoulder style, shirred on princess lines, and the skirt was full. Miss Barker wore matching mitts and a bandeau of tulle and taffeta.

Misses Patsy White and Jeryldean Walker, bridesmaids, wore pink frocks identical to that of the maid of honor All of the bride's attendants carried cascade bouquets of large fuji mums

A/3c Dean Narum of near Rochester, Minn., and Moody Field, served as best man and ushers were Gibson Carter and Jimmy Conine, Lakeland.

The bride's mother was gowned in antique blue taffeta with pink accessories and a lavendar orchid corsage.

Church Reception

Following the ceremony a wedding reception was held in the church. An imported linen cloth of hand-drawn embroidery over satin graced the bride's table. Adding to the decorations were a three-tiered wedding cake and an arrangement of roses

Since returning from a short wedding trip, the newlyweds are residing at 805 Poplar Drive, Valdosta, Ga. For traveling the bride wore a charcoal gray cotton two-piece dress accented in white with matching accessories.

A graduate of Lanier County high school with the class of 1955, the bride has been employed by the Lakeland Beauty Shoppe. Now stationed at Moody Air Force Base, Valdosta, the bridegroom graduated from Dixon high school in 1952. He saw two years overseas service.

Oil Business New Field for Working Girls

By DOROTHY ROE
AP Women's Editor

Tired of the same old ladylike job? Go into the oil business, girls, advises Edna Hurry, newly elected president of the Desk and Derrick Clubs of North America.

There are at present 9,000 members of this unique organization, composed of women working in the oil industry. During their recent convention in New York, 900 of the gals represented clubs in 30 states and three Canadian provinces.

Jobs held by these women range from presidents of oil companies to secretaries and file clerks.

Many Jobs

"We have a lot of girls who are engineers, geologists and chemists working in the oil business," says Miss Hurry, whose own job is in the personnel department of a New Jersey oil company. "Even those who have desk jobs find there's never a dull moment. Things just seem to happen in the oil industry."

The new secretary of the organization, Elizabeth Van Kuyk of New York, is assistant manager of the pipeline right-of-way division of a big oil company. The second vice president, Irma Cline of Wichita Falls, Tex., is a partner in an oil company and works for a firm of lawyers serving the oil business. Other officers are Lydia Babka of San Francisco, first vice president, and Esther Welch of Amarillo, Tex., treasurer.

These girls are serious about their business Their meetings are devoted to study of methods and operations and discussions of how to do their jobs better.

SOCIETY NEWS

Arthur O'Hares Silver Wedding Party Honorees

POLO—Mr. and Mrs. Arthur O'Hare observed their silver wedding anniversary with an open house, at their farm home, northeast of Polo, Sunday from two until five o'clock. Nearly 150 relatives and friends called to extend best wishes. Guests were present from Dixon, Sterling, Genoa, Chicago, McHenry, Ohio, Walnut, Rockford, St. Charles, Rochelle, DeKalb, Atkinson, West Brooklyn, Amboy and Polo.

Those attending the silver anniversary who were also present at the wedding were the Rev. Thomas Walsh, St. Charles, who performed the wedding ceremony in St. Patrick's Catholic Church, Dixon, Mr. O'Hare's sister. Mrs. Charles Poenski, Dixon, who was bride's maid, Roy Knapp Jr., Dixon, brother of Mrs. O'Hare, who served as best man; Mrs. William Cullen, Dixon, niece of Mrs. O'Hare, who was flower girl, also Mrs. Thomas O'Hare, Roy Knapp Sr., Mrs. Leslie Smith, Miss Josephine O'Hare and Richard O'Hare.

Patricia and Jeri O'Hare, the honorees' daughters, received and registered the guests The serving table was centered with a four tiered white cake, decorated with tiny white mums and silver leaves, on either side of which were lighted white tapers in silver candlesticks.

Mrs. Cullen, niece of Mrs. O'Hare, cut and served the cake; Mrs Leslie Smith Jr., also a niece, poured coffee, and Mrs. Lyle Heinzeroth, Dixon, served punch. Rachael Smith, Dixon, received the many lovely gifts.

The actual date of the O'Hare's wedding was Sept. 29, and an anniversary mass will be celebrated in St Mary's Catholic Church, Polo, Thursday.

Rural Youth

A movie, "Market Place, USA," was shown to the Lee County Rural Youth group at their September meeting in Amboy. The movie was shown in conjunction with the county talk fest sponsored by the IAA. Later, seven members gave three minute extemporaneous talks on the topic of marketing. They were: Jack Edmundson, Barb Delhotal, Dick Lohse, Gene Pohl, Catherine Hockman, Dick Johnson and June Pilgrim. Jack Edmundson was selected to go to the district talk fest, in October, at Loveland Community House, Dixon.

Barb Delhotal, Amboy, was elected secretary-treasurer until the November elections.

September Bride Party Honoree In Nelson Hall

NELSON—A miscellaneous prenuptial shower was given recently in the Nelson village hall, honoring Miss Lois Pritchard, Sept. 24 bride-elect of Frank Grove, Jr. Hostesses for the evening were: Mrs. Elmer Collins, Mrs. Pollard Oiler, Mrs Clemens May and Mrs. John Moeller, Sr.

Games of "500" and "50" were enjoyed by the 30 guests present. Winners in "500" were Mrs. Clemens May and Mrs. Quinten Harms. "50" winners were Mrs. Loren Jeter and Mrs. John Schoaf The prizes were presented to the honored guest.

Refreshments were served at quartette tables with pastel colors being used in the decorations. Following refreshments, Miss Pritchard was escorted to the gift table where a large number of prettily wrapped gifts were arranged on a long table with green and white decorations used. Mrs. Elmer Collins assisted in unwrapping the gifts

The group sang 'Happy Birthday" to Mrs Ralph Pritchard, the bride-to-be's mother, who celebrated her birthday Sept 21.

South Dixon Club Meets

A meeting of the South Dixon Community club was held recently with a 1:30 o'clock dessert luncheon in the home of Mrs. William Remmers, Rt. 2, Oregon. Mrs. Belle Mumford and Mrs Cecile Perke were co-hostesses

"500" was played with prizes going to Mrs. William Kime and Mrs. Alfred Tourtillot

The club's next meeting, Oct. 19, will begin with a 1:30 o'clock dessert luncheon in the home of Mrs. Day Welty. An auction will take place at this meeting.

Post Office Reveals New North-South Mail Scheme

CHICAGO (Special)— The Post Office department today announced plans to establish a Rockford-to-Peoria highway post office route to speed up delivery of north-south mail in Northern Illinois and Southern Wisconsin.

It is expected to improve mail delivery in the Lee and Ogle Counties.

The mobile unit will leave Rockford nightly (except Saturday, Sunday and holidays) at 8 p.m. It will travel on Rt. 51 through Davis Junction, Rochelle, Mendota, LaSalle, Lacon and Peoria. The latter part of the trip will be on Illinois Rts. 17 and 29, and the unit will arrive in Peoria at 12:25 a.m.

The mail unit will leave Peoria at 2:30 a.m., travel on the same routes and arrive back in Rockford at 6:30 a.m.

Post office officials said all details are not complete, but that a star route connection for Dixon, Sterling and Rock Falls could be made at Rochelle.

Service is expected to begin about Nov. 16. Officials say it will make possible overnight exchange of mail between all points in Illinois, and improve service to Janesville, Beloit and Madison, Wis., through star route connections.

They report that since all railroads in the area operate on east-west lines, the traveling post office (often called HYPO) will eliminate the necessity of sending the mail into the congested Chicago post office and shipping it back out on another line.

The new system also will connect with rail lines operating between Chicago and New Orleans. It will be a link in service to give overnight delivery between the Quad Cities and Mattoon.

The new service will be operated on a contract basis, and advertisements for contracts will be posted in Rockford and Peoria within a few days.

Traffic Court

Justice of the Peace Edwin Merrick Tuesday night fined Ivan E. Hess, Rock Falls, $10 for speeding. He was arrested Monday by Officer Glenn Camery.

MARKETS

Markets at a Glance

(By the Associated Press)

NEW YORK (AP)—

Stocks — Higher; strong recovery continues.

Bonds — Irregular; governments ease.

Weekday Bible Classes Will Begin in Schools

Weekday Christian education classes for children in the Dixon public schools from third to seventh grade will begin Monday, Oct. 3.

The instruction will be given between 8 a. m. and 8.40 a. m. one morning a week in each of the four grade schools.

The schedule is: Monday, Washington; Tuesday, Jefferson; Wednesday, Lincoln and Woodworth, and Thursday, South Central.

Dixon's Council of Christian Education, which sponsors the instruction, recently met and approved the fall and winter schedule. The annual appeal for funds which will be made during October was also approved.

Mrs. Olive Miller is in charge of the instruction. She will be assisted by Mrs. Lyle Wade, Mrs. Ralph Cross, Mrs. Omer Thomas, Mrs. Kenneth Gross and Mrs. Arthur Vinz.

These classes are not compulsory.

Rochelle Sales Tax Approved

ROCHELLE—(Special)—The Rochelle city council approved a half-cent city sales tax during its meeting Monday night amid protests from several merchants.

The tax is expected to go into effect No. 1. Funds will be earmarked for construction of new city buildings.

Merchants objected to the additional tax burden placed on the public. A survey of Chamber of Commerce members showed 62 per cent opposed to the tax and 38 per cent favoring it.

Ike's

(Continued from Page 1)

to ease a bit here. Hopes brightened for the President's recovery before any crisis arises over shifting of his powers to other officials.

A continuing succession of hospital bulletins reporting satisfactory progress "without complications" cheered administration officials.

Flood of Messages

"Get well' messages continued to pour into Fitzsimons Army Hospital from all over the world—one of the latest from Eisenhower's old friend and World War II comrade-in-arms Soviet Marshal Georgi Zhukov.

"Having been on vacation far from Moscow," Russia's defense minister cabled Tuesday night, "I have just now learned of your illness and received this news with the deepest feelings of sorrow.

"With all our hearts, my family and I wish you a speedy recovery and long life."

As the President's physicians cautiously continued to report him moving slowly along the recovery road after Saturday's heart attack, the political impact of his illness came in for more attention here.

The general feeling has been that the attack would cause him to decide against running for re-election.

Expert Retirement

Personal friends of the President have a growing conviction, in the light of his medical progress, that he will be able to complete his term expiring in January 1957. But they also feel he then will retire to the role of "elder statesman."

They are convinced he will not be pressured into running for a second term. On the basis of doctors' most optimistic forecasts, they hope Eisenhower will be able to resume close to full-scale duties in about two months, hold conferences in three to four weeks, and start reading and signing documents after next week.

Both Atty. Gen. Brownell in Washington and White House Press Secretary James C. Hagerty here now say it may not be necessary to delegate any of the President's powers.

Hagerty said Tuesday, however, that nothing has come up since Eisenhower was stricken that has required his personal attention.

Matters like the budget for the fiscal year starting next July 1, and the 1956 legislative and economic programs won't require the President's personal attention before December, Hagerty said. Preparatory work is being handled as usual by the government agencies.

As for Eisenhower's foreign program, Hagerty said in effect that Secretary of State Dulles is so familiar with the President's views in that field that there is no cause for worry.

The increasing optimism about Eisenhower's condition was reflected in the decision of his son John, an Army major, to fly back to Washington today. He is stationed near the capital at Ft. Belvoir, Va.

KSB Hospital

Admitted: Elmer Winebrenner, Mrs. Elsie Beatty, Mrs. Clara Shawger, Ira Page, Edgar Strub and Mrs. Elsie Drummond, Dixon; Mrs. Ella Hartzell, Franklin Grove; Mrs. LaVerne Knuth, Amboy; Mrs. Joan Payne, Rock Falls; Mrs. Gladys Etnyre, Oregon, and Jacob Ruble, Mt. Morris.

Discharged: Mrs. Carolyn Stanton, Polo, and Miss Fay Ann Long, Dixon.

Births: Mr. and Mrs. Lester Goodheart, Amboy, a son, Sept. 27.

Mr. and Mrs. Arthur Book, Compton, a son, Sept. 27.

Mr. and Mrs. Donald Ashford, Dixon, a daughter, Sept. 27.

Mr. and Mrs. Richard McCarthy, Dixon, a daughter, Sept. 27.

Ohio Court Upholds Tax Reciprocity

COLUMBUS, Ohio (AP) — Ohio's Supreme Court today refused to reconsider its decision exempting Michigan trucks from the state's axle-mile tax.

The action let stand the court decision holding Ohio's 1937 motor vehicle reciprocity agreement with Michigan applied to the 1953 axle tax assessed by Ohio on trucks with more than two axles.

To meet court objections, Ohio officials sought to amend reciprocity pacts with other states under threat of cancellation for refusal to agree on new pacts.

Ohio canceled a number of other written reciprocity agreements, but the Franklin County Common Pleas court temporarily enjoined the cancellations at the request of truckers.

The cancellation move brought threats from some states of a license tag war with Ohio. Those states threaten to require visiting Ohio motorists, as well as trucks to buy their tags.

Gov. Frank J. Lausche has said Ohio would not retaliate unless it became necessary. Ohio law permits the state to extend reciprocity to visiting motorists only if their home states return the favor.

Ohio's axle tax costs trucks with more than two axles from ½ to 2½ cents per mile to use Ohio's highways. The tax was levied to raise money for new highways.

The Supreme court decision did not pass on constitutionality of the act.

Ohio's motor vehicle reciprocity board has met with a corresponding body in Michigan without coming to an agreement. Ohio officials plan to confer with Illinois officials in the near future.

Sofolo Arraigned On Traffic Count; Gets Continuance

Phillip Sofolo, 20-year-old Dixon youth recently indicted by the Lee county grand jury for reckless homicide, today was arraigned in circuit court before Judge Robert Bracken.

Judge Bracken presented Sofolo with a copy of his indictment and continued his arraignment until 10 a.m., Oct. 7, for the purpose of entering a plea.

Sofolo was indicted as the result of an Aug. 13 auto collision in which his passenger, LaVerne Landorf, 30, Dixon, was killed.

Two Rock Falls women, Mrs. Tina Peters, 50, and Mrs. Isabelle Cunningham, 34, were seriously injured in the crash that took place south of Dixon on the Pump Factory road. They were the occupants of the second vehicle.

A second youth who was indicted by the grand jury, Charles E. Schick, 20, Rock Falls, also was scheduled to be arraigned this morning. Judge Bracken continued his arraignment until 10 a.m. Thursday when his attorney failed to appear.

Schick was indicted for larceny. He was arrested last summer along with Lloyd Oellig, 20, Sterling, for the theft of a Dixon man's outboard motor. Oellig waived prosecution by indictment, pleaded guilty to the charge and was granted probation.

Took Child

(Continued from Page 1)

blaring pleas from the grief-stricken parents for the return of their child.

To calm her nerves, she went to a boxing match Tuesday night, taking the baby along. A suspicious sheriff's deputy queried her about the infant. She produced a birth certificate from St. Francis Hospital in Lynwood, near Los Angeles. Mrs. Benedicto said the certificate originally was issued for her sister's child, now aged 4, but hadn't been filled out completely. So she inserted the name of the child she kidnaped.

Checked Hospital

The deputy released her but still was not satisfied. He called the Lynwood hospital and was told no such child had been born there.

Meantime, Mrs. Benedicto had telephoned Dr. Marcus. Before Marcus and his wife arrived, she delivered the baby to Father McCoy. FBI agents, tipped off by San Francisco police, were waiting there and arrested her.

Two Trucks Will Go to Every Fire

Fire Chief Gail Keyser said today that effective immediately, at least two fire trucks will be sent to every fire and asked that motorists take extra caution to see that all emergency equipment has passed before pulling back into traffic.

Keyser explained that this new measure is required by the Illinois Inspection Bureau in towns with a class six fire insurance rate.

The industrial and mercantile inspection is now being conducted in Dixon by the state investigators. Following the inspection, the bureau is expected to award Dixon its lower rating. Dixon now has a class seven rating.

Truck Driver Killed Near St. Charles

ST. CHARLES, Ill (AP) — A Preston, Iowa, truck driver died of injuries of burns today two hours after fellow drivers braved flaming gasoline and electric charges to free him from his cab.

He was James Betts, 39, a driver from the Hennengsen Trucking Co. of Preston, married and father of three children.

His empty semi-trailer ran off Route 64 near St. Charles, hit a culvert, plunged into a ditch, broke off a high voltage electric line pole and overturned.

In the crash a gasoline tank was torn off. Gasoline sprayed the front end of the truck, caught fire and enveloped the cab in flames.

Other truckers who saw the fire stopped and went to Betts' aid. After extinguishing the flames they jacked the truck off the ground so that they could open a cab door and remove Betts. The high voltage line had contacted a tree aside the truck and sent charges into the wreckage that hampered rescue work.

Before Betts died two hours later in a St. Charles Hospital he told authorities an oncoming vehicle had forced him off the pavement.

Glencoe Driver Pleads Guilty; Pays $100 Fine

Charles W. Babcock, 50, Glencoe, Ill., today pleaded guilty to a charge of driving while intoxicated and was fined $100 by County Judge Grover Gehant.

Babcock was arrested about 6 p.m. Tuesday near the south city limits of Dixon by Deputy Sheriff Don Sachs. He reportedly had driven several cars off the highway.

Sterling Game Tickets on Sale

Tickets for the Dixon-Sterling football game Friday night at Sterling, went on sale today at the high school and Fulfs.

Bill Zinnen, DHS ticket manager, today reported 400 adult and 400 student tickets had been received from Sterling.

The distribution will have 300 adult and 100 student tickets at Fulfs and 300 student and 100 adult tickets at the high school.

Adult general admission tickets are 75 cents. Student tickets are 35 cents.

The annual Dixon-Sterling game is one of the oldest rivalries in the state. Records available show Dixon winning 24, Sterling 28 and 10 ties. Past record may be found in What's the Score on today's sports page.

West Side Sewer Job Bids Soon

City Atty. Edward Jones said Tuesday night that the city council will soon be able to advertise for bids on the long-delayed eight-inch sanitary sewer system for southwest Dixon.

Jones explained that the final legal obstacles were cleared Monday when County Judge Grover Gehant overruled legal objections and sustained three assessment objections as to benefits derived.

As a result of his ruling, the proposed assessment was reduced $1,100 to approximately $53,000. However, Jones added, this does not mean that the assessments against the other property owners will be increased.

The present rate of assessment, which is pro-rated over 10 years, is $378.90 per lateral into each 50-foot lot.

The objections sustained were for lots owned by H. C. Warner, Mrs. Myra A. Nichols and Mrs. H. U. Bardwell, all of Dixon. The latter two property owners proved that their lots would not be benefited by the proposed sewer.

The sewer project was approved Feb. 23, 1955, by the city council. It originates at Sherman Avenue and Third Street and extends southwesterly for approximately 19 blocks.

Big Three Will Not Recognize East Germany

NEW YORK (AP) — The Western Big Three in a joint statement said today they do not recognize any East German regime—a move apparently intended to keep Berlin accessible to the West.

They said the Soviet Union remains responsible for carrying out obligations previously made with the three powers on the subject of Germany and Berlin.

The statement issued in conjunction with the Big Three foreign ministers meeting here was aimed at agreements reached Sept. 20 by the Soviet Union and East Germany.

The foreign ministers reaffirmed the view of their governments that "final determination of German frontiers must await a peace settlement for the whole of Germany."

Berlin, located in the Soviet zone of Germany, once was cut off by the Soviets, precipitating the famous airlift.

The Soviets eventually lifted the blockade but a source of friction remained.

1-Way

(Continued from Page 1)

smell, noise and "stockyard" operation in a residential area.

Potts also presented a one-way traffic plan, as recommended by the Dixon board of education's building and grounds committee, around the high school.

Mayor William Slothower rejected the plan, however, until all details were worked out. The plan calls for clockwise routing on Lincoln Statue Drive, the narrow street behind the high school, and on Boyd Street as far as Peoria Avenue.

The council also gave Potts the green light to have plans prepared for the modernization of the city hall, especially in the police department. Funds from the optional half-cent sales tax would be used to finance the project.

The council also paid bills totaling $33,508.63.

Obituaries

GLEN C. KIME

ROCHELLE —(Special)— A former Dixon man, Glen C. Kime, 57, died here Tuesday afternoon in the Rochelle hospital.

He was born in Nachusa and lived in Dixon before coming here in 1947. He farmed north of here but lived in Rochelle.

He is survived by his widow, Theo Marie; two daughters, Mrs. Dorothy Kaul, Chana, and Mrs. Avis Ehman, Rochelle; a brother, Charles, Eureka, Calif.; a sister, Mrs. Lucille Bushman, Dixon; his stepmother, Mrs. Margaret Kime, Dixon, and four grandchildren.

Funeral services will be held at 2:30 p. m. Thursday in the Unger Funeral home, Rochelle, with the Rev. Glenn Strang of the Rochelle Presbyterian church officiating. Burial will be in Emmert cemetery, Nachusa.

Friends may call in the funeral home Wednesday evening.

Bag 8 Speeders With New Radar

The Dixon police department bagged eight more speeders Tuesday with the new radar equipment. The arrested motorists were clocked at speeds between 37 and 42 miles an hour on city streets.

Three speeders were stopped Monday, the first day the new equipment was pressed into use.

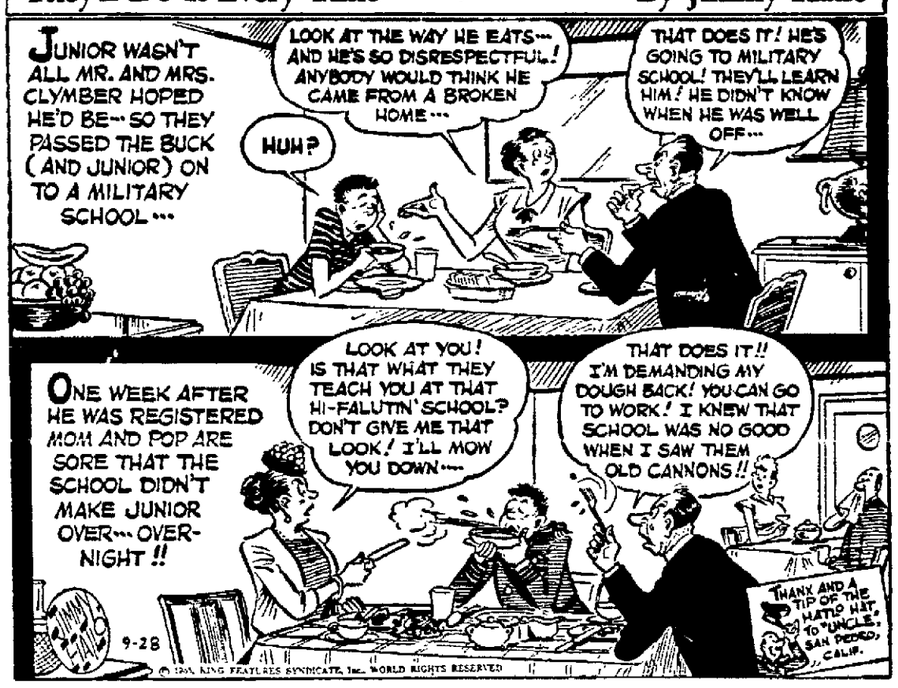
They'll Do It Every Time — By Jimmy Hatlo



California to Support Knight at Convention

By MORRIE LANDSBERG

SACRAMENTO, Calif. (AP)—California Republican leaders indicated informally today they'll support Gov. Goodwin J. Knight in his declared intention to lead the state's vote-heavy delegation to the party's 1956 national convention.

Their position, as shown by a telephone survey, could offer a serious obstacle to White House hopes of California's Richard M. Nixon in the event President Eisenhower decides not to run again.

The possibility of Eisenhower's stepping out spun the state's Republicans dizzily on a political merry-go-round—with signs flashing by: Nixon? Knight? Knowland? Warren?

See Fight

No matter where it stops, party sources acknowledged they're in for an intraparty fight if they can no longer count on Eisenhower's name.

The prize is the second largest delegation to the San Francisco convention, ranked only by New York's.

Gov. Knight, strongly pro-Eisenhower but pointedly cool toward Vice President Nixon, wasted no time in declaring his position after word of Eisenhower's heart attack.

He hopes Ike will recover his health and try for a second term.

If he does, California will swing to him on the first ballot.

If he doesn't Knight intends to head the state delegation, probably as a favorite son candidate. California law rules out uninstructed delegations.

A poll of other top Republicans indicated the state GOP organization, which stuck by Knight in his bitterly waged showdown with pro-Nixon elements last year, appears willing to go along with the governor.

Assemblyman Thomas W. Caldecott of Berkeley, state Republican chairman, said California unquestionably would have a favorite son candidate if Eisenhower drops out of the race.

Knight has a powerful ally in Sen. William F. Knowland, himself another California potential for president and strongly entrenched in the state party organization, as well as the successful campaign setup of Chief Justice Earl Warren. Warren's friends have never forgiven Nixon for lining up second-choice support for Eisenhower in the 1952 California delegation pledged to the then governor.

Knight, even before Eisenhower's illness, rejected overtures to include pro-Nixon members in a "coalition" delegation.

Gibraltar, with an area of only two square miles, is the smallest political subdivision of the British Commonwealth.

Third in a Series:

Water Pollution A Growing Evil

Millions of Tons of Poison Go in Streams

By ROGER D. GREENE

WASHINGTON (AP)—Pollution of U.S. rivers, lakes and harbors is spreading an evil and potentially dangerous blight upon the American scene.

Countless cities and towns flush their raw, untreated sewage into once beautiful streams. Nearly 11,000 industrial plants spew millions of tons of poisonous, corrosive chemicals into the water we drink and brush our teeth with.

Many cities, such as Los Angeles, have closed down their bathing beaches at times because of pollution. In some areas pollution-stained waters have brought industrial expansion to a virtual halt.

"Most Polluted" List

Here, as seen by a panel of sanitation experts who insisted on anonymity, are the nation's "10 most polluted cities"—that is, metropolitan areas where pollution is a major problem:

1. Pittsburgh—Has voted bond issue for treatment works.
2. St. Louis — No sewage treatment.
3. Miami—Putting in big sewage treatment and ocean outfall plant.
4. Kansas City.
5. Omaha—Making progress toward cleanup.
6. Seattle.
7. New York-New Jersey area.
8. Washington, D. C.
9. Charleston, W. Va. (Kanawha Valley area).
10. Youngstown, Ohio (Mahoning River area).

Scientists say even our "second-hand" water—fouled by sewage and recaptured to be used again—is generally safe to drink after going through modern water purification plants. But 31 million Americans live in cities with no water treatment facilities at all.

In the Ohio River watershed alone, 24 cities have no sewage treatment. And in 32 states, appropriations for water pollution control are less than $50,000 a year.

Gravely Concerned

Federal health authorities today are gravely concerned about long-range effects on human health stemming from the vast influx of noxious industrial wastes into the nation's waterways.

Says Mark D. Hollis, chief sanitary engineer of the Health, Education and Welfare Department:

"The whole problem in sewage treatment in the past was to break down organic waste. Now in the last 15 years we've got 700,000 new synthetic chemicals—plastics and so on—and they have changed the nature of waste.

"What is the effect on human health? We just don't know. We don't get any immediate acute effects, but we must look to the potential long-range dangers."

Some health authorities contend that chemicals found in common synthetic household detergents cause frothing and otherwise gum up the works at water treatment and sewage plants thereby impeding the purification process.

Call It "Nonsense"

To which the industry replies: "Nonsense!" or, "Prove it."

F. J. Coughlin, manager of Proctor and Gamble Co.'s research services and chairman of the research advisory subcommittee of the Association of American Soap and Glycerine Producers, said in an interview:

"Household synthetic detergents are no more toxic than ordinary salt. Some feed manufacturers are actually mixing detergents into feed for chickens, cows, pigs and other livestock, and there is some evidence it speeds their growth. At least, there's no harmful effect."

Next: The Quest for New Water.

Illinois Cities 'Targets' for Practice Flight

COLUMBUS, Ohio (AP)— The Strategic Air Command has selected Danville, Ill., and St. Louis as two of the cities to be used as "targets" Thursday in a reconnaissance mission.

SAC B47 jets are scheduled to fly over St. Louis between 4:30 a.m. and 5:30 a.m. (CST). They will appear over Danville between 6 a.m. and 7 a.m. (CST).

St. Louis has been designated as one of the cities to be hit by "simulated" flash bombs and radar bomb scoring devices. Crews will use Danville as a "visual" target for bomb sightings.

Both St. Louis and Danville were used in reconnaissance and navigation exercises Tuesday in the first phase of the SAC operation.

The crew that does the best job in the program will be awarded a trophy by the Air Force.

For the Ride

KENEDY, Tex. (AP)—Jim Chaney, 5, watched a touring revival truck being loaded and after awhile he disappeared.

An hour and 30 minutes later, a motorist noticed a boy hanging underneath the fast-moving truck, just inches above the pavement.

"I just wanted to go along for the ride," he said when he was returned to his father.

Right Close

WACO, Tex. (AP)—The vote here on a plan to charge for sewer service was right close. The charge plan lost Tuesday, 3,879 to 3,880—a one-vote margin.

Modern pewter consists essentially of tin hardened by the addition of antimony and copper.

Report Lane Gets Position With Cardinals

Dodgers Confident They'll End 'Seven Year Itch'

NEW YORK (AP)—The world series starts today and the Brooklyn Dodgers, although underdogs, are confident this is the one they're going to win.

The oddsmakers think otherwise. They've installed the New York Yankees as 13-10 favorites.

Since the Dodgers won their first pennant in 1916, they've lost all seven series they've played. The Yanks, on the other hand, have won 16 in 20 attempts since 1921, including their last seven.

Brooklyn Manager Walter Alston said Tuesday after the Dodger workout in Yankee Stadium:

Newcombe vs. Ford

"Listening to the way the boys talk, it is evident they are confident about this thing. That naturally makes me confident."

Alston picked Don Newcombe, his 20-game winning righthander, to start on the mound against Whitey Ford, a lefthander who has won 18.

The weather forecast was "cloudy with showers" in the early morning hours with the rain expected to end before game time. A near-capacity crowd of 68,000 was expected to be on hand for the opener.

The game will be broadcast and telecast, starting at 11 a. m. (CST)

There was continued doubt that Mickey Mantle, the Yanks' top hitter, would be able to play more than part of the series. He had a torn muscle in his right leg.

He worked out along with the team at Ebbets Field Tuesday and managed to clout a couple of balls into the outfield seats but he couldn't run without pain.

"I'm not hopeful of playing—at least not in the first two games at the stadium," he said dejectedly. "It doesn't affect my hitting, but I know I can't run on it."

Mantle said however that the leg was improving a bit each day since he injured it while beating out a bunt Sept. 16. He has been on the sidelines since except for two futile pinch-hitting appearances in Boston Sunday.

Mickey's reduction to the status of pinch hitter would deprive the Yankees of their leading hitter (.306) and league's leading home run hitter (37). Manager Casey Stengel, who said he would not make up his mind about Mantle until game time, indicated he would use Bob Cerv in Mantle's spot in center field and play the left-handed Irv Noren in left against right-handers. Against a left-hander, he will use Elston Howard in left.

Right Handers

Stengel was set in all other positions including shortstop, where he finally decided on Phil Rizzuto, the grand little veteran of eight world series. Alston has no reservations about his lineup. He stuck to the same one he announced Sunday.

The Brooks had seven right-handed hitters to fire at Ford, who, in his only previously world series start against the Dodgers, was kayoed early. In fact, there isn't a pitcher on the Yankee staff who owns a world series triumph over Brooklyn. The three big Dodger killers—Allie Reynolds, Vic Raschi and Eddie Lopat—are all gone. On the other hand, Carl Erskine has beaten the Yankees twice and Billy Loes once in world series competition.

Brave Hearted

NEW YORK (AP)—Fifty hardy baseball fans braved a cold, driving rain outside Yankee Stadium early today, waiting to buy bleacher seats for the opening game of the world series.

Only four persons were in the line at 9 p. m., but near midnight, others began to arrive. By 2 a. m., 50 had gathered, shielding themselves from the rain under umbrellas, cardboard cartons and other makeshift shelters.

By midnight, Ralph J. Belcore, 41-year-old carnival worker of Chicago, had regained his first place in line. He said a usurper, violating all bleacher line tradition, had moved into the place earlier Tuesday.

He'll Start at Short

Phil Rizzuto

ON FIRING LINE FOR YANKEES—Four Yankees slated for top pitching chores in the world series pose at workout in Yankee Stadium Sept. 26. Left to right, Bob Turley, Bob Grim, Tommy Byrne and Whitey Ford, who is expected to start opening game today in New York. (AP wirephoto)

To Announce Pact Today Or Thursday

Orioles Turn Down Richards' Proposal Of Kell as Manager

NEW YORK (AP)—Frank Lane is in as general manager of the St. Louis Cardinals and Harry Walker is out as field manager of the Redbirds.

Eddie Stanky, who Walker succeeded as St. Louis manager last May, may be back in baseball as manager of the Minneapolis Millers, farm club of the New York Giants in the American Assn.

These choice items were learned Tuesday night as the baseball folks gathered at World Series headquarters on the eve of the opening game at Yankee Stadium.

At least one proposed deal fell through. Paul Richards' plan to step down as manager of the Baltimore Orioles and name George Kell of the Chicago White Sox as his successor was vetoed by the Baltimore board of directors. The board insisted that Richards live up to his three-year contract calling for the dual role as field and general manager.

$50,000 a Year

Lane, who resigned as White Sox general manager last week, already has conferred with Dick Meyer, executive vice president of the Cardinals. They were to meet again either today or Thursday when the signing is to take place and an official announcement will be made. Lane's salary is to be $50,000 a year for three years with the understanding that he is to have a free hand in running the club.

Stanky was offered the Minneapolis job during a conference with Giant officials. He's thinking it over.

Series Chatter

NEW YORK (AP)—They talk about "cold" clubs going into the world series . . . This Brooklyn team probably is one of the coldest on record . . .

Duke Snider and Roy Campanella, the Brooks' two long-ball hitters, are freezing . . . The Duke hasn't hit a homer since Labor Day and Campanella hasn't hit one since late in August . . . Today's starter, Don Newcombe, won only two of his 20 victories through August and September. Carl Erskine hasn't thrown a good curve since June and Johnny Podres has been knocked out of the box 12 straight times!

Ted Williams picks the Yanks to win the series because of their bench, while Chuck Dressen, Walt Alston's predecessor as Brooklyn manager, likes the Yanks on superior power . . . The players' shares probably will be less this year than in '54 because of the small seating capacity of Ebbets Field . . . Still the winner's share should hit about $10,000.

Jackie Robinson, Brook third baseman, has lost 10 pounds in a little over a week . . . Incidentally, this will be the fourth position he has played in series competition . . . He already has played first base, second base and left field in previous series . . .

Phil Rizzuto is the only member of the Yanks, who played in the first New York-Brooklyn series in 1941 . . . says he: "We're always confident we'll win . . . If there were any doubts, they were erased the day Billy Martin came back from the Army and told us how dead we were, then proceeded to fire us with the kind of confidence only he can generate."

AKRON, Ohio—Vince Martinez-Irving Steen bout cancelled.

Swami Swaps Crystal Ball for T-Leaves Now

Picks Badgers Over Iowa; Illini, Northwestern to Win

By JERRY LISKA

CHICAGO (AP) — The Midwest seer's crystal ball, nicked by Michigan State, Washington and Miami of Ohio last week, is swapped for T-leaves this week:

Wisconsin 19, Iowa 14 — A bruising Big Ten opener between two formidable contenders . . . The Hawkeyes have a running edge, but we like Wisconsin's double - barreled passing attack wheeled by Jim Miller and Jim Haluska . . .

Michigan 21, Michigan State 14 — Michigan is rated the nation's No. 2 team off its 42-7 crushing of Missouri . . . Michigan State looked better than expected in downing Indiana 20-13 . . . The Spartans figure to be outclassed against Ron Kramer & Co. . .

Purdue 20, Minnesota 7 — With sharpshooting Len Dawson back and their press clippings slightly tattered after the College of Pacific opener, the Boilermakers should perform as advertised earlier . . . The Gophers either are building character this fall . . .

Notre Dame 21, Indiana 13 —The Hoosiers will show Notre Dame more blocking and tackling than SMU did . . . But at Irish backfield speed is hard to handle . . .

Northwestern 14, Tulane 13—The Wildcats aren't leaving town after that shock from Miami of Ohio . . . The Green Wave scored 21 points in losing to Texas . . . But Northwestern is a Big Ten team . . .

Illinois 21, Iowa State 0 — After a good victory at California, the perking Illini should get an easy workout against the anemic Cyclones . . . It'll be a good tuneup for Ohio State the following Saturday . . .

Ohio State 20, Stanford 6 — The Buckeyes nearly forgot to show up against Nebraska and it took Howie (Hopalong) Cassady to prevent a lot of red faces along High Street . . . Stanford was popped 10-0 by Oregon State last Saturday . . .

Marquette 20, Tulsa 18 (night) — The Warriors were treated kindly by Wisconsin . . . They meet a little slower company in Tulsa . . .

Midwest Grid Briefs

CHICAGO (AP)— Midwest football briefs:

OHIO STATE—Tackle Dick Guy and guard Bill Jobko will miss the Stanford game because of injuries suffered . . .

WISCONSIN—The Badgers worked on protecting the passer in an effort to keep Iowa's fast charging ends away from quarterbacks Jim Miller and Jim Haluska on Saturday . . .

MICHIGAN — Michigan State's running attack has the Wolverines worried . . .

MICHIGAN STATE — Halfback Clarence Peaks will be ready for the Wolverine contest . . . Peaks complained of a chest injury but X-rays showed no broken bones . . .

MINNESOTA—The Gophers are working on pass defense to stop Purdue ace Len Dawson . . .

INDIANA—Halfback Bill Takacs injured his hip in practice and probably will miss the Notre Dame game . . .

PURDUE — Quarterback Len Dawson, sidelined last week, worked out Tuesday but his passes lacked their usual sharpness . . .

ILLINOIS—Three switches were made in the Illini No. 1 team . . . Ray Nitschke was moved to fullback, Em Lindbeck to quarterback and Jim Minor to center . . .

NORTHWESTERN—Fred Nosal, injured end, will be ready for Tulane . . .

IOWA—End Frank Gilham suffered a broken bone above the ankle in practice Tuesday and will be sidelined for the rest of the season . . .

NOTRE DAME—The Irish went through a second day of rugged preparation for the Indiana game . . .

Nesti Quits As Coach at Hall Twp.

SPRING VALLEY — (Special)—Richard (Dick) Nesti, dean of North Central Illinois conference football coaches, has resigned his post as head coach at Hall Township high school, C. A. Sharpe, principal, announced Monday afternoon.

Nesti's decision to quit after 28 years at Hall, came on the advice of his physician. He will continue as athletic director.

Nesti graduated from Spring Valley high school and from Lombard College at Galesburg. Upon graduating from college in 1928, Nesti returned to his home town as head football coach and has been there ever since.

At Lombard, Nesti was one of the greatest kickers the school ever had and played halfback.

In 1953, Hall won the NCIC championship under Nesti, going undefeated. His teams, always among the best coached in the conference, have been perennial contenders.

Jack Samlin, LaSalle native and a graduate of L-P-O college, moves up from assistant to the head coach position. He will be assisted by John Roach.

Fight Tonight

CHICAGO (AP)— Gene Fullmer, a 23-year-old from West Jordan, Utah, was a solid favorite to knock off Chicago's Bobby Boyd in a 10-round bout of middleweights at the Stadium tonight.

Boyd, 20, is a 2½-1 underdog and goes into the nationally televised battle (ABC, 9 p.m. CDT) with 34 victories in 42 bouts. Fullmer has lost only one of 33 fights.

LITTLE WORLD SERIES

Minneapolis (AAA) at Rochester (IL) (10 innings). (Best-of-7 series tied 3-3).

Prodigal Colorado Gridder Is Back With Team Again

BOULDER, Colo. (AP)—Some 28,000 fans at Folsom Field last Saturday probably didn't notice the 205-pound University of Colorado guard on the four plays and one kickoff he was in the Colorado-Arizona game.

Neither did his coaches or fellow players notice when Joe Connors, tired of bench-riding in the second half, walked to the dressing room, changed clothes and disappeared.

For the first time since then, the 23-year-old Pittston, Pa., second stringer showed up for practice Tuesday and said, "I made a mistake."

Connors' disappearance first was noted when head coach Dal Ward called on him to re-enter the Arizona game during the third quarter.

After the game, coaches found Connors' uniform in its locker but no other trace of him.

The 6-foot, 2-inch sophomore told Jenkins Tuesday he merely had returned to his campus apartment where he and his new bride have lived since last Friday. University officials did not know Connors' new address and had been unable to locate him there.

Ray Jenkins, assistant coach, said he told the young player that, in his view, "you've not done anything particularly drastic and the squad needs you."

Pivotal Week For Route 72

Aces Visit Winnebago; Byron at Stillman Valley

The top four contenders for the Route 72 conference title clash Friday in what could be a pivotal week for the six-man league.

Ashton, surprise 38-19 winner over Byron last week, travels to Winnebago for a Saturday afternoon game while Byron, defending champion, moves in on Stillman Valley Friday night.

Byron and Stillman Valley were regarded as the top clubs until Ashton sidelined Byron and Winnebago posted a pair of opening season victories. That changed the title picture considerably.

ROUTE 72 STANDINGS

	W	L	Tp	Opp
Ashton	2	0	68	33
Stillman V.	2	0	74	26
Winnebago	2	0	68	26
Byron	1	1	67	58
Forreston	1	1	12	32
Monroe Center	0	2	40	78
Leaf River	0	2	40	86
Pecatonica	0	2	12	42

The Ashton Aces unleased a surprise scoring punch featuring the passing of Larry Fisher, the running of Ron Engelkes and the pass retrieving of Lyle Warner and Larry Henert.

Added to this was a rugged defense thrown up by the Aces who stoped the vaunted running game of Byron's Bob Heidenreich.

Winnebago, cellar dwellers last year after failing to win a game, have been the surprise of the league with victories over Pecatonica and Leaf River. However, in meeting Ashton, the Indians will be facing their big test.

Byron must shake Heidenreich loose this week if it hopes to stall the plans of Stillman Valley. Stillman has racked up impressive victories over Forreston and Monroe Center.

In other action, Pecatonica hosts Leaf River, Friday afternoon and Forreston is at Monroe Center, Friday night.

Walnut Renews Pennant Chase

WALNUT — (Special) — The Walnut Blue Raiders renew their quest for the South Blackhawk conference football title here Friday night when they entertain Galva.

Sidelined, at least for the time being by Wethersfield last week, the Raiders find themselves in a must position. Hopes to remain alive in the chase depend upon being able to come up with a scoring punch.

Last week, Walnut shoved Wethersfield around for four periods, but couldn't punch over the touchdowns. The Raiders fumbled or failed to move when in scoring territory.

Coach Steve LaRussa's Raiders face a Galva outfit that won its first league test Friday with a 17-0 decision over Princeville.

In other action, Friday, Wyoming, 12-7 winner over Bradford, entertains Elmwood; Wethersfield goes to Princeville, and Toulon, 18-7 loser to Elmwood, entertains Bradford.

Ohio Bulldogs Test Power Against Sheffield Friday

OHIO—(Special)—Regarded now as the team to beat in the Little Eight conference, the Ohio Bulldogs move into Sheffield Friday night bent on racking up victory number two in the eight-man league standings.

The Bulldogs assumed the role as league powerhouse last week when they turned back favored defending champion Tiskilwa, 33-13. Ohio gridders now face the task of living up to the title and proving that last week was no fluke.

In spite of their victory, Ohio is not in first place. Having been idle the first week, the Bulldogs have a 1-0 record to tie for second with highly regarded Manlius, while LeMoille, a darkhorse candidate, took over the league lead with a 2-0 record.

Coach Jim Kettleborough, hoping that halfback Dick Anderson and quarterback Dave Etheridge will be ready to go this week after they suffered injuries last week, takes his club against a team that has split in two games to date.

While the Bulldogs are displaying their new found power, conference attention will be focused at LaMoille where the league leaders take on Manlius, 1953 champs and 1954 runnersup. Both clubs are undefeated and need the victory to stay on top.

Tiskilwa, after being jolted by Ohio, moves back home for a contest with Malden, loser of both games to date. Neponset, with a 1-1 record, hosts Wyanet in an afternoon game, while Buda draws the open date.

Top Big Ten Coaches Cry Out Troubles

CHICAGO (AP)—The hardest guys to satisfy in football are Big Ten coaches, especially when their teams are winning.

Four coaches whose teams scored smashing victories in their opening games last week have the tear buckets out. They are Michigan's Bennie Oosterbaan, Michigan State's Hugh Daugherty, Iowa's Forest Evashevski and Wisconsin's Ivy Williamson.

Michigan, after its rousing 42-7 victory over Missouri, was hoisted to the No. 2 spot in the Associated Press' football poll.

But Oosterbaan, addressing the Chicago Baseball Writers Tuesday via telephone-loud speaker hookup, wasn't satisfied. "They didn't look as good as expected," he said. "We scored too easily and Missouri did not turn out to be a good test."

Daugherty Moans

Bennie was so involved in pointing out his problems that no one bothered to mention that Missouri lost to Maryland, the nation's No. 1 team, by one point.

Daugherty saw his Spartans move to a convincing 20-13 decision over Indiana but he was moaning about Michigan and Wolverine end Ron Kramer.

Daugherty admitted his sophomore studded squad looked good but feared the team will not be ready by Saturday for the veteran Wolverines and Mr. Kramer.

The game of the week in the Big Ten will match Iowa and Wisconsin. And both schools are casting a wary eye towards the "showdown battle."

Evy Unhappy

Erik Wilson of Iowa said it's too early for a "showdown" game and Evashevski is not happy over Iowa's performance against Kansas State, a game which the Hawks won, 28-7.

At Wisconsin, coach Williamson is fretting over his line. Williamson claims the line is not as strong as it was last year when Wisconsin powered to an opening day 52-14 victory over Marquette. Last week the Badgers beat Marquette 28-14.

Facts, Figures

(By The Associated Press)

TEAMS—New York Yankees, American League champions (won 96, lost 58), and Brooklyn Dodgers, National League champions (won 98, lost 55).

LENGTH OF SERIES—Best of seven games.

Heart Disease Bows to Science

New Drugs Victorious Over Age-Old Illness

By ALTON L. BLAKESLEE
AP Science Reporter

NEW YORK (AP)—In backstage drama, medical science has achieved practical victory over a heart disease that probably cripples more child en each year than polio.

The disease is rheumatic fever, a silent saboteur of heart valves.

Wonder drugs have brought this victory in one of the brightest successes in heart research.

Other drugs are scoring successes too against another major killer—high blood pressure, often a contributing factor in heart attacks such as that President Eisenhower suffered.

Rheumatic fever is a disease of aches and pains and fever that involves the heart, often scarring vital valves, making them leaky and making the victim a heart cripple.

Find Answer

Doctors sought and finally found the answer.

Rheumatic fever, they found, followed infections with a vicious type of germ, one type of "strep" or streptococcus. In a small percentage of humans, a curious kind of reaction explodes after a strep sore throat or scarlet fever. The victims of this achy rheumatic disease are most often children between the ages 5 and 9.

They often recover without ill effects. But too often the inflammatory disease hits the heart valves or the heart muscle, creating scars, interfering with the heart. Rheumatic fever can kill or cripple. It is estimated half a million children now suffer from it, and as many adults are its victims.

Usually, damage does not occur with the first attack. But the child becomes sensitized to recurrent and damaging attacks.

Find Preventives

While there still are mysteries as to exactly what happens, medicine has found the method of prevention. It is to treat any strep infections promptly with penicillin, and to give one of the wonder drugs continuously to the past victim of rheumatic fever, to prevent future attacks.

The American Heart Assn. has launched a campaign for prevention of this unnecessary crippler. Daily tablets of penicillin or sulfa drugs, or once-a-month shots of a long-lasting form of penicillin, now make it possible practically to eradicate rheumatic fever.

In the last five years have come new drugs that help control many cases of high blood pressure (hypertension in medical terms), blamed as directly the killer of 93,000 Americans annually.

Only in a small percentage of cases, such as certain kidney diseases and adrenal tumors, is the cause of hypertension known. In the rest, the exact cause is unknown. Nerves and emotions can play a role.

Heart Works Harder

And any diseases producing a narrowing of arteries can bring increased pressure. Deposits of fatty material on the inner linings of arteries, the condition that brought on President Eisenhower's heart attack, can force the heart to work harder, to build up more pressure in order to push blood through the vast arterial highway of the body.

High blood pressure puts an overload on the heart, often making it increase in size. The greater pressure can damage blood vessels, leading to hemorrhages. In the brain, such bleeding from damaged arteries brings strokes that can paralyze or kill.

In most cases, hypertension is believed to result from constriction of the smaller arteries, thus creating more resistance to blood flow.

Many of the new drugs bring good effects by acting upon the nervous system to bring relaxation of nervous or muscular control of these arteries. Some affect the central nervous system, others the sympathetic nervous system.

Next: New Techniques in Heart Surgery.

Chicagoan Will Keep Art Treasure

CHICAGO (AP) — A Chicago interior decorator doesn't plan to ever sell his recent discovery of a painting he says is a Da Vinci oil of Madonna and Child. But, he adds, "sooner or later I will donate it to an American museum."

"I will keep it and enjoy it awhile," said Hannas R. Teichert of his $450 purchase now valued at more than one million dollars.

Teichert hadn't made up his mind Tuesday on what museum he would leave it to. "Our most important museum is the National Museum in Washington, D. C.," he said. "But perhaps it will go to the Chicago Art Institute. Who knows?"

Dr. Hans Huth, curator of research at the Art Institute, has not seen the painting but has expressed doubt that it is really the work of Leonardo Da Vinci, famed for his Mona Lisa.

The painting, now kept in a vault, was identified as a Da Vinci by Dr. Maurice H. Goldblatt, director of the art galleries at Notre Dame University.

Goldblatt took the painting to Europe this summer where he said art experts in Italy, France and the Netherlands agreed with him on the artist.

Teichert, who specializes in church and theater interiors, bought the painting in a New York antique shop one year ago for $450.

He said he had a $500,000 offer for the painting before it was attributed to Da Vinci. Other estimates place its value at more than one million dollars.

"I will never sell it," Teichert said. "I am a collector and I am not in the business of selling paintings. I have other paintings that I could sell at a profit, but what would I do with the money?"

Sen. Humphrey Is Willing

LOS ANGELES (AP) — Sen. Humphrey (D-Minn) says he would consider it a signal honor to be nominated as the vice presidential candidate of the Democratic party. He also told the Trojan Democratic Club at the University of Southern California that Adlai Stevenson was the leading candidate for the party's presidential nomination.

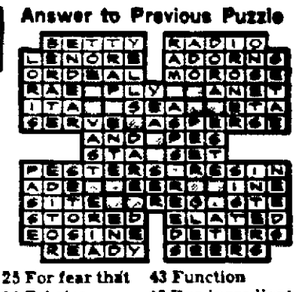
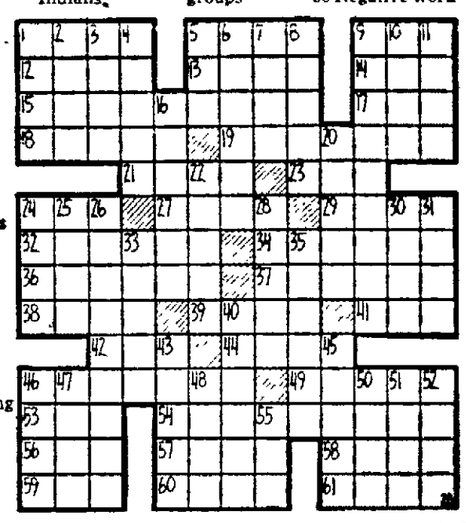
Answer to Previous Puzzle





Monroe Leaves Icelanders Cold

COLUMBUS, Ohio (AP)—An Icelandic businessman says the Marilyn Monroe type of girl leaves his country cold. But the Grace Kelly type—she melts an Icelander's heart.

Asgir Bjarnason is visiting America to find out what makes American industry tick.

As for American girls, Bjarason observed, they are all right, but "there are nicer ones in Iceland."

Nobody has yet been able to worry herself thin about gaining weight.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and ahphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Slaying of Gem Dealer A Mystery

GRANVILLE, Ill. (AP) — An empty sub-machine gun, a dead man clutching a diamond and an abandoned auto were the only clues today in the slaying of a colorful Granville merchant.

State's Atty. Walter Boyle of Putnam County appealed Tuesday to the FBI to aid in the investigation of the diamond-robbery slaying of John Redshaw, 60-year-old proprietor of a Granville general store.

Boyle said he based his request for federal help on the belief that Redshaw's slayers fled across state lines with jewels taken in the robbery.

Authorities said Redshaw still was wearing an eye piece for examining gems and was clutching a diamond when he was found Monday by his wife in the vault of his store. An empty sub-machine gun was found nearby. He had been shot three times.

Police believed that two men posing as buyers clubbed, shot and killed Redshaw after he attempted to force them out of the vault with the empty machine gun.

An automobile, stolen from a Chicago man Saturday, was found abandoned outside Granville. Two men wearing gray hats had been seen riding in the car Monday by Granville residents.

Redshaw, who had been shot twice in the body and once in the head, was widely known for his unusual stock. His store contained a variety of merchandise ranging from ukeleles to uncut gems. Tourists frequently stopped at his store.

Police believed only diamonds were taken by the robbers and said they would be difficult to trace.

Texas, largest state in the United States, has the most counties, with 254. Georgia, with 159 counties, ranks second.

Business Eyes Stores for Key

Buying Yen, Not Stock Market, Important Sign

By SAM DAWSON

NEW YORK (AP)—Without minimizing the role of the stock market many businessmen hold that what happens in the next few weeks in the nation's stores will be more important to the economy than the daily ups and downs in stock prices.

Merchants have been getting a larger share of the public's money this year than last. They expect this yen to buy will continue into the Christmas season. They look for the biggest Yule trade ever.

Some, however, warn that the public sometimes reacts to the psychology built up in the stock market. This could cause some people to reverse this year's habits and to start saving more and to start buying less and borrowing less.

What It Means

How important this buying psychology is can be seen in the report of the Commerce Department that at the present stage of the economy an advance of only 2 per cent in consumer buying adds five billion dollars to total demand for goods and services in the United States.

This year the public as a whole has been saving only 6 cents of each dollar left over after taxes, and spending 94 cents of it. In the first half of 1951 the public was saving away 8 cents of each dollar and spending 92 cents of it.

That two cents looks little until you apply it to the total personal income after taxes. Then add in the fact that the total of personal income has risen sharply this year, due to higher hourly wage scales and to longer work weeks.

The total which consumers have been spending for new merchandise and services this year is thus boosted to an annual rate of 248 billion dollars.

The buying splurge is credited with having bolstered industrial production.

Drops Little

Buying dropped off very little during the summer. It revived with cool weather and retail sales in September have been substantially ahead of last year.

Auto dealers report the best sales for any September as they rush to clear out 1955 models to make room for the new ones now starting to roll off production lines.

Steel mills, hard pushed to fill new orders, are scheduling an operating rate this week of 96 per cent of rated capacity. This time last year they were operating at 70 per cent of capacity, and it was smaller then.

The St. Lawrence River, during its ice-free season, handles nearly one-third of Canada's foreign trade.

TRIES CHANNEL—Florence Chadwick of San Diego, Calif., gets final greasing from aide on beach at Snakespeare Cliff, near Dover, England, before entering English Channel Sept. 26. This is her third attempt this year to swim the channel. She plans to swim to France rest a few minutes, and then attempt to swim back to England. (AP wirephoto)

U. S. Dentist Shocks Reds With Request

MOSCOW (AP)—A Chicago dentist today nonchalantly awaited a reply to his request that dumbfounded Soviet officials for permission to breeze through the Soviet Union by jeep.

The dentist, Dr. Berthold Schulz, 42, arrived Tuesday on a historic drive from Helsinki, Finland. He was the first foreign tourist to make such a trip since the 1917 Revolution.

Dr. Schulz parked his jeep outside the Kremlin walls, strolled into the National Hotel, and astounded officials of Intourist, which handles Russia's growing tourist business. He asked permission to drive through the country, emerging at either the Iranian or Czechoslovak border.

Schulz says he likes to take long difficult drives—such as one he made from London to Capetown, South Africa.

BROWNELL HURRIES TO OFFICE—Herbert Brownell, left, the attorney general, and William P. Rogers, deputy attorney general, hurry up steps of justice department building at Washington, D. C., Sept. 27. Rogers, who has been acting as the nation's chief legal officer, while Brownell vacationed in Spain, briefed his chief on matters pertaining to President Eisenhower's illness. (AP wirephoto)

President Still Leader of Party, Stratton Says

SPRINGFIELD, Ill. (AP) — Gov. Stratton says it would be "presumptuous" of him to speculate about the political effects that might result from President Eisenhower's illness.

The governor released a statement Tuesday in reply to inquiries from newspapers, radio and television stations about his views on who the Republicans should nominate for President if Eisenhower doesn't run. The statement said:

"My concern at the moment is for President Eisenhower's health. To surmise at this time on any other assumption and resultant political considerations would certainly be presumptuous on my part.

"He is still the leader of the Republican party and until he expresses his wishes I do not believe as governor a large Republican state that I should offer any speculation.

"My hope and prayer is for his full recovery and continued excellent leadership of our country and party."

No Milk Run

SPARTANBURG, S. C. (AP)—A city ordinance here forbids bringing a cow onto city streets for sale if the cow has not been milked.

Hint Paraguay Objecting to Peron's Exile

BUENOS AIRES (AP)—Authoritative sources said Juan D. Peron, still stuck on a Paraguayan gunboat in the river Plate, probably would receive his long-awaited safe conduct to exile today.

The deposed dictator took refuge on the gunboat Paraguay nine days ago. Provisional President Eduardo Lonardi, who led the revolt that ended Peron's 10-year sway as Argentina's strong man, announced after the revolt he would be accorded the traditional Latin-American right of political asylum.

Lonardi backed this up by telling newsmen Tuesday night Peron was free to begin exile in Paraguay at any time.

But the piece of paper granting him safe conduct up the Parana and Paraguay rivers to Asuncion, the Paraguayan capital, still was not forthcoming immediately. Lonardi, replying to questions sent to him by newsmen, said only: "The moment of the departure of Gen. Peron is a problem that concerns the Paraguayan government."

The delay set off a wave of rumors.

One unconfirmed report said a segment of Paraguay's armed forces objected that Peron's presence in their country would cause difficulties between Paraguay and other Western Hemisphere nations. This report said President Alfredo Stroessner would limit Peron's stay to 48 hours, after which he would continue to London.

Wake-Up Music

GRAND RAPIDS, Mich. (AP)—Dr. Henry A. Brumsma teaches a Calvin college musical theory course at 6:30 a. m. for five graduate students because that's the only time they can get together.

Lake Superior has an area of 31,820 square miles.

The New, 1956 Mercury Custom Sedan

A more massive appearance, brought about by a new grille treatment and lowered height, is combined with a more powerful engine in the Mercury for 1956. A sweep side moulding adds to the graceful flowing lines, and accentuates the low, road-hugging characteristics of the car. Powered by a big new 312-cubic inch displacement Safety-Surge V-8 engine, the 1956 Mercury has superior acceleration and passing ability. New safety features including an improved door latch, an impact-absorbing steering wheel and safety belts are offered. Shown here is a Custom four-door sedan.

Iowa Will Probe Rail Line Shift

DES MOINES (AP)—The Iowa commerce commission has agreed to investigate the shift of West Coast streamliners from the North Western to the Milwaukee road tracks in Iowa and Illinois even though it has no apparent authority to do anything about it.

The changeover, involving a major shift in train operation, becomes effective Oct. 20. After that date Union Pacific streamliners now following the North Western route will use the Milwaukee track between Omaha and Chicago.

The Iowa commission promised a delegation from Boone Tuesday it will make a full inquiry "to bring all the facts to the attention of the public" although the matter is one of interstate commerce.

Boone, a division point on the North Western, is fearful the change will affect the city adversely.

The North Western voluntarily withdrew its 75-year-old arrangement with Union Pacific.

DeKalb Furniture Dealer Is Dead

DEKALB, Ill. (AP)—Roy W. Skorberg, 61, president of Skorberg Furniture Co., died Tuesday after a heart seizure. A native of Rockford, he moved to DeKalb 15 years ago and entered the furniture business.

Explain First 11 Hours of Ike's Illness

DENVER (AP)—Nearly 11 hours elapsed between President Eisenhower's first symptoms of a heart attack last Saturday and the taking of cardiograph tracings because he was being allowed "important and essential sleep."

That explanation was given Tuesday by the White House press secretary, James C. Hagerty, in answer to questions raised by Washington doctors.

He said Maj Gen. Howard M. Snyder, the White House physician, was called about 2 a. m. and administered morphine. The President then slept soundly from about 2:45 to 11 a. m.

Lapse Questioned

The Washington doctors had inquired why that much time elapsed between the initial symptoms of a coronary thrombosis, which aides subsequently said were experienced about 2:45 a. m., and the cardiograph tracings which confirmed it, and why the President was permitted after this confirmation, to walk down with assistance to a car which took him seven miles to Fitzsimmons Army Hospital.

Hagerty said Snyder called Fitzsimmons doctors to the home of Eisenhower's mother-in-law after the President awakened, and their cardiograph equipment confirmed the attack. Concerning the President's rest before that, Hagerty said:

"The doctors think the sleep the President got was important and essential."

Explains Walk

As for Eisenhower's walk to the waiting car, the Press secretary repeated an earlier remark that the doctors felt it was "a lot easier" for him to walk with their help rather than be carried on a stretcher.

There was "no physical exertion" this way, Hagerty said, "but there would have been if he had been carried on a stretcher and they had tried to get him into his car. He added that Eisenhower was put in a wheel chair on reaching the hospital's ground floor entrance.

Russia's Sale Of Arms Good Propaganda

CAIRO (AP)—Communist sales of arms to Egypt can have strong propaganda impact not only in Egypt but throughout the Arab world. The ordinary Arab may easily get the impression that the Soviet bloc is the Arab's only friend against Israel.

Ever since the birth of Israel in 1948 Arabs have complained that big powers armed Israel while denying Arabs the means to defend themselves. For almost a decade Palestine has been the truer barometer of international friendship or enmity in Arab eyes.

No Left Leanings

It is doubtful that Egypt's dealing with Communist states means Prime Minister Gamal Abdel Nasser prefers the Soviet bloc, or that he is leaning leftward. Heavy pressure from his own army officers probably prompted him to look for weapons from any available source. Israeli attacks this year have convinced army officers Egyptian strength must be bolstered.

Nasser is likely buying from the Soviet bloc for two principal reasons:

One is political. Nasser says he could not get arms from the West without political conditions. It is legally impossible for the United States to furnish arms aid unless Egypt signs a mutual security agreement. Determined to rid Egypt of pacts and ties with foreign powers, Nasser has refused to sign such an agreement.

Economic Reason

The second reason is economic. To get arms without strings attached Egypt must buy them outright. U. S. arms are sold for dollars.

Egypt is short of dollars and would prefer trading cotton or other agricultural products. Iron Curtain countries on the other hand are eager to barter arms for cotton. Egypt has a huge surplus.

Swift Heir Kills Self Over Health

CORONA, Calif. (AP)— Suffering from cancer, Louis F. Swift Jr., 60, grandson of the founder of the Chicago meat packing company, killed himself with a shot through the heart at his ranch home Tuesday.

The coroner listed it as a suicide after receiving this report from sheriff's deputies:

Swift's wife Libby heard a shot and rushed into the bedroom to find her husband sprawled with a wound in the chest. A .38-caliber revolver lay nearby.

Two servants said they had found Swift with the gun while his wife was shopping, but had persuaded him to put it away. As they left and Mrs. Swift returned, the shot rang out.

Swift had been suffering from throat cancer for several months. Last January part of his vocal cords was removed. He had been unable to speak since the operation.

Besides his wife, the former socialite, Elizabeth Libby Chase of Lake Forest, Ill., Swift leaves a son, Louis F. Swift III.

Swift briefly attended the University of Wisconsin. A spokesman said he had not been very active in company affairs, but had managed plants in Denver and Texas. He had lived here eight years.

AN ORDINANCE AMENDING CHAPTER 22 OF THE REVISED ORDINANCES OF THE CITY OF DIXON, ILLINOIS

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF DIXON, ILLINOIS:

That Section 3 of Article 4 of Chapter 22 of the Revised Ordinances of the City of Dixon be, and the same is hereby, amended by adding to said article the following:

(e) Westerly on First Street from the west line of Galena Avenue to the west line of Madison Avenue in the City of Dixon, Illinois

(f) Easterly on Second Street from the west line of Madison Avenue to the east line of Galena Avenue in the City of Dixon, Illinois.

First Street, from Galena Avenue west to Madison Avenue, and Second Street, east from Madison Avenue to Galena Avenue, are therefore declared to be one-way streets in the City of Dixon, Lee County, Illinois and shall continue to be so designated and used until any subsequent action is taken by the City Council of Dixon, Illinois or until repealed, and no person shall operate any vehicle upon said streets except while travelling in the direction or directions indicated.

Section 4: Any person found guilty of violating the provisions of this Ordinance shall be fined not less than $5.00 nor more than $200.00 for each offense.

This ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

Passed this 27th. day of September, A.D. 1955

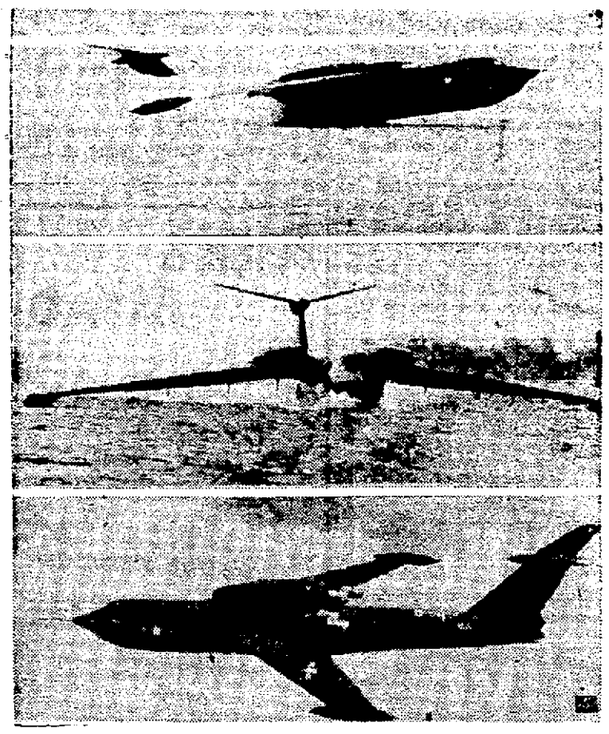
HERE'S A FLYING SAUCER—Rene Couzinet, French inventor, stands beside the flying saucer he built and is exhibiting at the Brighton, England, International Fair. He says the craft, with a 25-foot diameter, is capable of speeding 1000 m.p.h. It has not been shown in France yet.



SEAMASTER MASTERS THE SEA—U. S. navy's new 600-mile-per-hour multi-jet attack seaplane, the XP6M-1 Martin Seamaster, goes through flight tests on and over Chesapeake Bay near Baltimore, Md. Features of the new craft are streamlined jet engine nacelles atop wings, fixed plastic wing-tip floats for buoyancy in the water, and a tall T-shaped tail. Four turbojet engines with take-off afterburners power the craft. (AP wirephoto)

RURAL crimes showed almost no change, but the three hundredths of one per cent decrease represents an abrupt halt in rural-area crime totals that have been rising for many years. Number of rural crimes in first half of 1955 is estimated at 117,098.

President To Keep Control

No Reason to Delegate Powers, Says Spokesman

By DON WHITEHEAD

WASHINGTON (AP)—The center of power in the Eisenhower administration remains firmly rooted in the White House today with no foreseeable likelihood that it will be shifted to Vice President Richard M. Nixon.

A White House source says there is "absolutely no reason" for any delegation of presidential powers to the vice president at this time because President Eisenhower is fully capable of making any major decisions necessary.

There has been a good deal of speculation here that Nixon very likely would take over a large part of the burden of the presidency until such time as Eisenhower is able to return to his desk. But this talk is now diminishing.

Presidential Press Secretary James C. Hagerty had announced in Denver that the attorney general's office would be asked to prepare an opinion on the legal problems involved and the extent and means by which presidential authority could be delegated temporarily.

Cite Constitution

The Constitution says the vice president takes over in case of the President's removal, death, resignation, or "inability to discharge the power and duties of office." But it does not spell out the extent of the inability, say who shall determine it, or specifically provide for any temporary delegation.

Atty. Gen. Brownell said on arriving in New York Tuesday from Spain that he would prepare an opinion on the powers of transfer of authority as soon as possible. But a short time later in Washington, after staff discussions en route, he said there was "general agreement" no such action was necessary at this time.

The general change of attitude coincided with a rising optimism that Eisenhower is on the road to a quick recovery.

Close Ranks

The sequence of events suggested to some political observers, however, that top administration people had quickly closed ranks against the idea of giving Nixon extraordinary powers which might enhance his chance to win the GOP presidential nomination in case Eisenhower doesn't run again.

But one White House source disclaimed any such intent, adding: "We've been so shocked by what has happened that we haven't even thought of sorting out the political implications that are involved. There has absolutely been no political discussion around here so far as I know.

"If something further should happen to the President—that would be another matter. The President's death would mean the vice president would take over.

No Reason

"But as things now stand, the President is recovering. There is no reason to delegate his powers to anyone. Even now he is able to talk for a few minutes each day to visitors. His mental powers are not affected in any way. He still is able to make the decisions that are necessary—and as his recovery progresses, he will be increasingly able to give more time to his duties.

"All of us know our responsibilities and we'll carry on as usual. There is going to be no shifting of power—and there is going to be no 'power grab.'"

Republicans Maintain Optimism

WASHINGTON (AP) — Republican leaders remained outwardly optimistic today about their party's 1956 prospects, despite President Eisenhower's illness.

But one outspoken veteran woman Democrat indicated she felt the unexpected turn of events, however regrettable, might improve her party's chances of electing a president next year.

Optimism was the keynote as Republican National Chairman Leonard W. Hall told GOP women volunteers Tuesday that Eisenhower would "lead our party in the way he wants it to go until. . . it becomes the majority party."

Pressed by newsmen later as to whether his remarks indicated he felt Eisenhower would be a candidate for re-election in 1956, Hall said it would be inappropriate to speculate while the President is ill.

Can Win: Knowland

Senate Republican leader Knowland of California, returning to Washington from California Tuesday night, told newsmen he believes "we can win with the President and I believe we can win with any other choice of the convention."

Knowland said the President's heart attack has not given him any "defeatist attitude" about Republican prospects in '56.

The woman Democrat, 85-year-old Mrs. J. Borden Harriman, touched on the Eisenhower illness during a talk Tuesday at the Woman's National Democratic Club.

"I hate the way this sunshine has come to the Democratic part," she said, adding: "We must not be too sure and certain of ourselves."

Mrs. Harriman, a cousin by marriage of Gov. Averell Harriman of New York, told the Democratic women to be thankful Eisenhower's attack didn't come "just after he had been elected again, for then we would have had Nixon."

Mrs. Harriman did not explain how she believed the Eisenhower-Nixon situation would be any different after the 1956 election than it is now.

Americans Forgetting Smoke Data

WASHINGTON (AP)—The agriculture department reported today that Americans are smoking more cigarettes now that, in its view, the "main impact" of the cigarettes-health controversy apparently has passed.

Reporting on "the tobacco situation," the department said Americans 15 years of age and over will smoke an average of nearly 10 pounds of tobacco in cigarettes during 1955.

That would represent a 1.2 per cent increase over last year but fall 4.8 per cent shy of the 1953 figure—a record.

Without elaborating, the report said:

"The main impact of the publicity concerning cigarettes and health on cigarette consumption appears to have occurred during 1954."

Medical authorities have made numerous studies, some of them with conflicting conclusions, on a possible relationship between cigarette smoking and lung cancer.

Over-all tobacco consumption, the department reported, has increased slightly this year but is 4½ per cent below 1952 and 1953.

Bean Harvest Slowed by Rain

SPRINGFIELD, Ill. (AP) — Harvesting of the Illinois soybean crop was held back by rains during the past seven days, the State-Federal Crop Reporting Service said today. However, about 55 per cent of the crop has been combined which is about the same rate as this time a year ago. The report said the rains will be of "great aid" in preparation of fall seed beds.

Virtually all of the corn crop has matured and about 5 per cent has been picked.

FOUR KILLED IN CROSSING CRASH—Four persons died on U. S. highway 51 between South Beloit, Ill., and Roscoe when a Chicago and NorthWestern passenger train struck the automobile. William A. Siebel, 68, and his wife, Sara, of Harvard, Ill., were killed along with Mr. and Mrs. Joe Jeffers, neighbors. Viewing wreckage are Deputy Sheriff Art Weston (left), State Policeman Herb Brown (center) and Deputy Sheriff Guy Veach (partly hidden). Other man is unidentified. (AP wirephoto)

A Smart Dog, This Beagle

TRAVERSE CITY, Mich. (AP)—Herman Burgess' beagle pup is a bright one.

Burgess, a city heating engineer, left the hound in the back seat of his car while he went to inspect a heating job.

When he came back the pup was in the front seat, had turned on the radio and was listening quietly. Burgess beamed at the dog's intelligence—until he tried to get in the car.

The dog had pushed down both inside door buttons, locking Burgess out.

The 7,900-acre Wright-Patterson Air Force Base near Dayton, Ohio, has more than 1,000 buildings.

Hurricane Janet Hits Honduras

MIAMI, Fla. (AP)—Hurricane Janet rammed into British Honduras early today.

The hurricane, the 10th of the season, slammed ashore with 115-mile-an-hour winds.

It was moving about 23 m. p. h. when it hit British Honduras.

Only a few reports were available from the area, the Weather Bureau at Miami said.

Winds of hurricane force swelled out 60 to 70 miles from the center and gales whipped across land and sea 225 miles to the north and 100 miles to the south.

Janet's course was expected to be somewhat erratic as she swept further inland but there was a good chance, the Weather Bureau said, that any strength she might lose in her journey overland would be regained when she reaches the open waters of the Bay of Campeche.

The hurrican already had claimed about 200 lives in the Caribbean. Perhaps nine U. S. Navy men and two Canadians were among them. They were aboard a hurricane hunter plane that flew into the storm Monday morning and has been missing ever since.

'Wriggly Worms' Are Harmless

SANTA FE, N. M. (AP)—Those "wriggling, wormy things" in Gallup's water supply are probably harmless midge fly larvae, a Health Department official says.

Charles Caldwell said the water is sufficiently chlorinated anyway, but "who wants to get a glass of cold water and find some sort of wriggling, wormy thing in it."

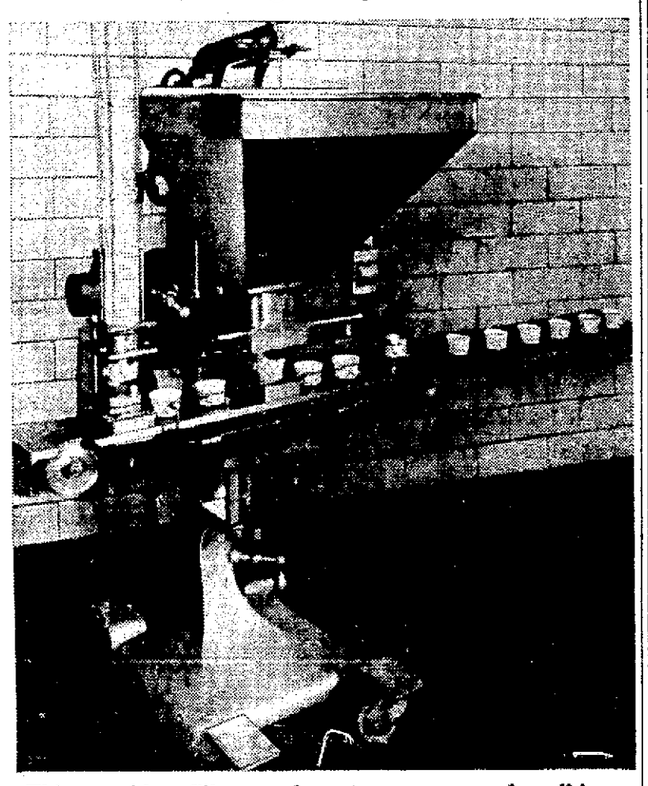
BEIER'S BREAD
THE freshest BREAD IN TOWN!
"BAKED FINE SINCE '69"

Automatic Cup Filling of Hey Brothers Ice Cream



This machine fills round cartons, cups, and walking sundaes up to and including one pint capacity, and then caps them. In the case of sundaes, syrup is added by the machine just prior to the capping operation. The cartons move along on a conveyor rotating around on electrically motivated wheels, timed to take ice cream directly from the continuous freezers. Steps in the process are (1) Dispenses indivdual cup; (2) adjusts position of cup; (3) fills with ice cream; (4) tops with syrup (if used); (5) caps the cup. The finished product then moves to the right as shown in the picture where it is packaged in boxes for placement in the hardening room. This machine facilitates sanitary and proper handling, and is one more reason why HEY BROTHERS ICE CREAM beats them all. —Adv.
